Downloading and Installing the Software

32 and 64 Bit Versions

TapeTrack Checkpoint is available for both the 32-Bit and 64-Bit architectures.

While the 32 Bit version will run on the x64 architecture, it is recommended that if you are using an 64 Bit version of Windows that you install the 64 Bit version.

Downloading the Software

The software can be downloaded from:

- Windows 32 Bit
- Windows 64 Bit

Installing the Software

Run `setup.exe` to start the install.
