TapeMaster GUI

The TapeMaster GUI is divided into five main zones, main menu, customer filter, customer tree, inventory and associated tabs and status bar.

Main Menu

The Main Menu provides access to essential functions in TapeTrack including server connections, volume management, reporting and users.

Customer Filter

The Customer filter allows you to filter the customer list to display only customers whose Customer ID's meet the filter criteria.

Customers can also be searched by customer description by using the Find Customer function

Customer Tree

The Customer Tree provides a summary of and navigation to all of the Customers, Media Types, and

Volumes on the selected Server.

These Objects appear in a hierarchy of Server Node, Customer Nodes and Media Nodes.

Administrative Tabs

Status Bar

The **Status Bar** displays information about the Framework Server currently connected to, the current status of your TapeTrack Server license and a clickable link to access Free TapeTrack Support
