

# Adding a Desktop Server Connection

## Adding a connection interactively

The Logon dialog box is titled "Logon" and features a blue padlock icon on the left. The main text states: "Connection to this TapeTrack Server is restricted to authorized users only. Please select your TapeTrack Server and enter your credentials. All access attempts and successful connections will be recorded." The "Server" dropdown menu is set to "Local", and a mouse cursor is clicking the "+" button next to it. Below this, the text says "Select a Server or click the button above to add a new Server." There are input fields for "User or Email" and "Password". At the bottom, there are checkboxes for "No MD5 (required for Active Directory authentication)" (unchecked) and "Save User History" (checked). "OK" and "Cancel" buttons are at the bottom right.

Logon

Connection to this TapeTrack Server is restricted to authorized users only.  
Please select your TapeTrack Server and enter your credentials.  
All access attempts and successful connections will be recorded.

Server: Local

Select a Server or click the button above to add a new Server.

Password:

☐ No MD5 (required for Active Directory authentication)

☒ Save User History

OK Cancel

The TapeTrack Options dialog box has two tabs: "TapeTrack Servers" (selected) and "Advanced Connection Settings". The "TapeTrack Servers" tab contains a table with columns: Short Name, Address, IP, Port, Proxy, and Response. A context menu is open over the "Local" entry, showing options: Add, Delete, Properties, and Create Desktop Shortcut. The "Add" option is highlighted. At the bottom are "OK", "Cancel", and "Apply" buttons.
