TapeTrack Checkpoint

TapeTrack CheckPoint is designed for Tape Librarians. It displays an online list of what Volumes need to be picked and put away and audibly reads out the locations as the Volumes are scanned with a barcode scanner.

Supported Platforms

- Windows XP and above.

Technical Support

TapeTrack Software is commercially supported by a full time help desk staff.

If you are experiencing problems or want some advice on how to configure or use the product, please see the Accessing Technical Support page.
