

AddSkipOnScratch

Skip a move if the [Volume](#) is Scratch.

Phase

This instruction is used by the TapeTrack Synchronization Engine.

Syntax

```
AddSkipOnScratch(repository);
```

Variable	Type	Description	Min Length	Max Length
repository	String	Filter value for Repository.	1	64

Example

Skip all Scratch [Volumes](#) in the [Repository](#) OFFS.

```
AddSkipOnScratch("OFFS");
```
