Library Management

Overview

The TapeTrack Lite Library Management function allows you to

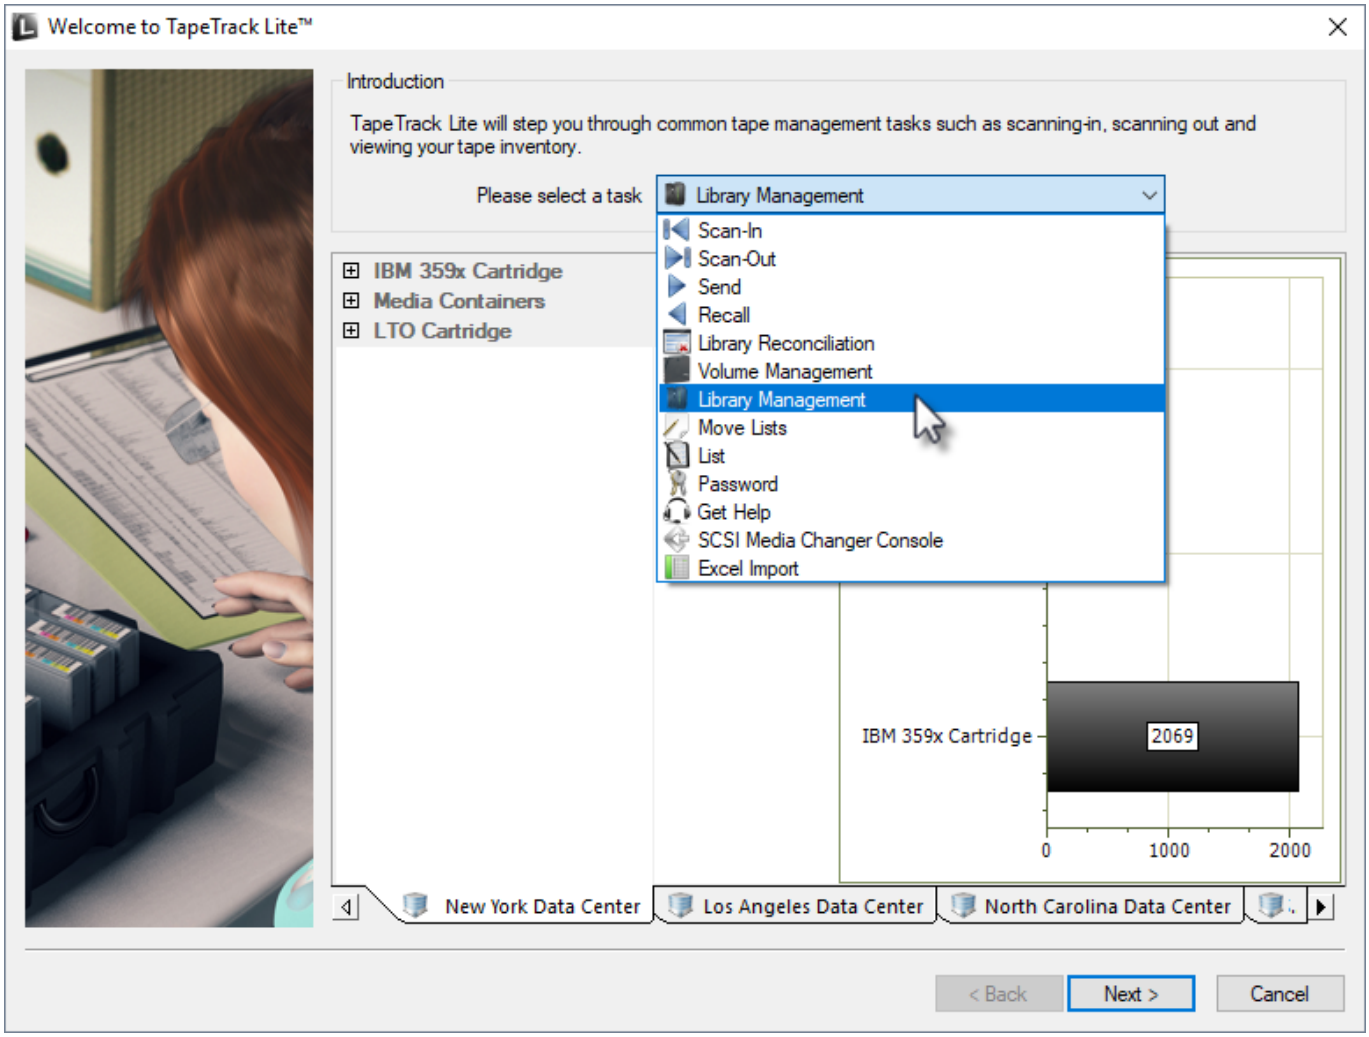

Video Walkthrough

Video coming soon.....

Steps

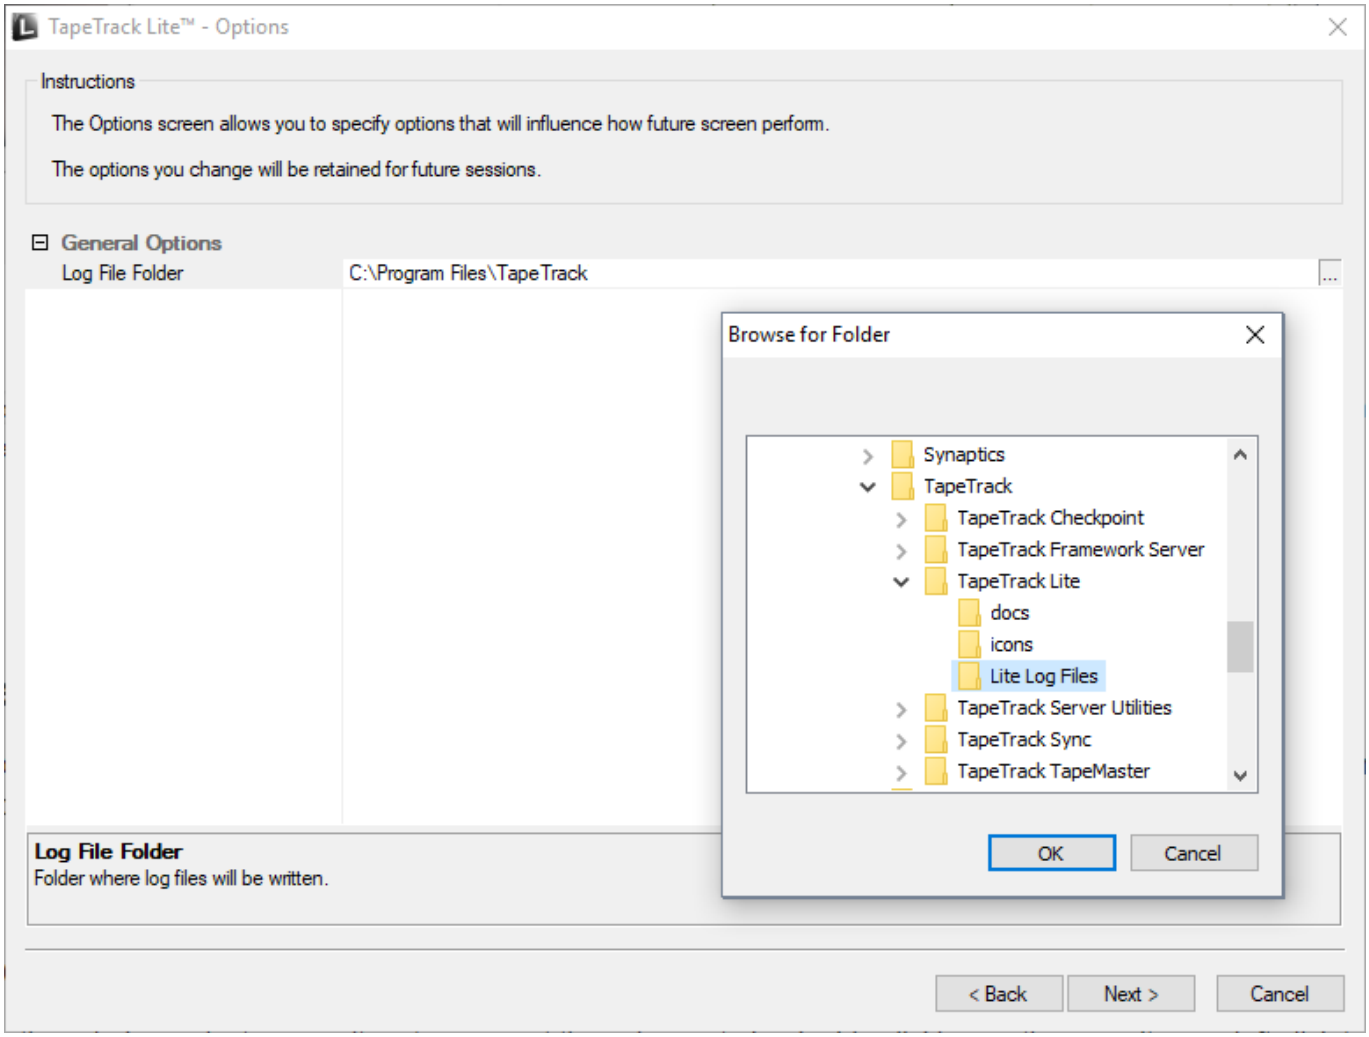

Select Library Management

Select `Library Management` from the Library Management Tasks drop-down menu.

Options

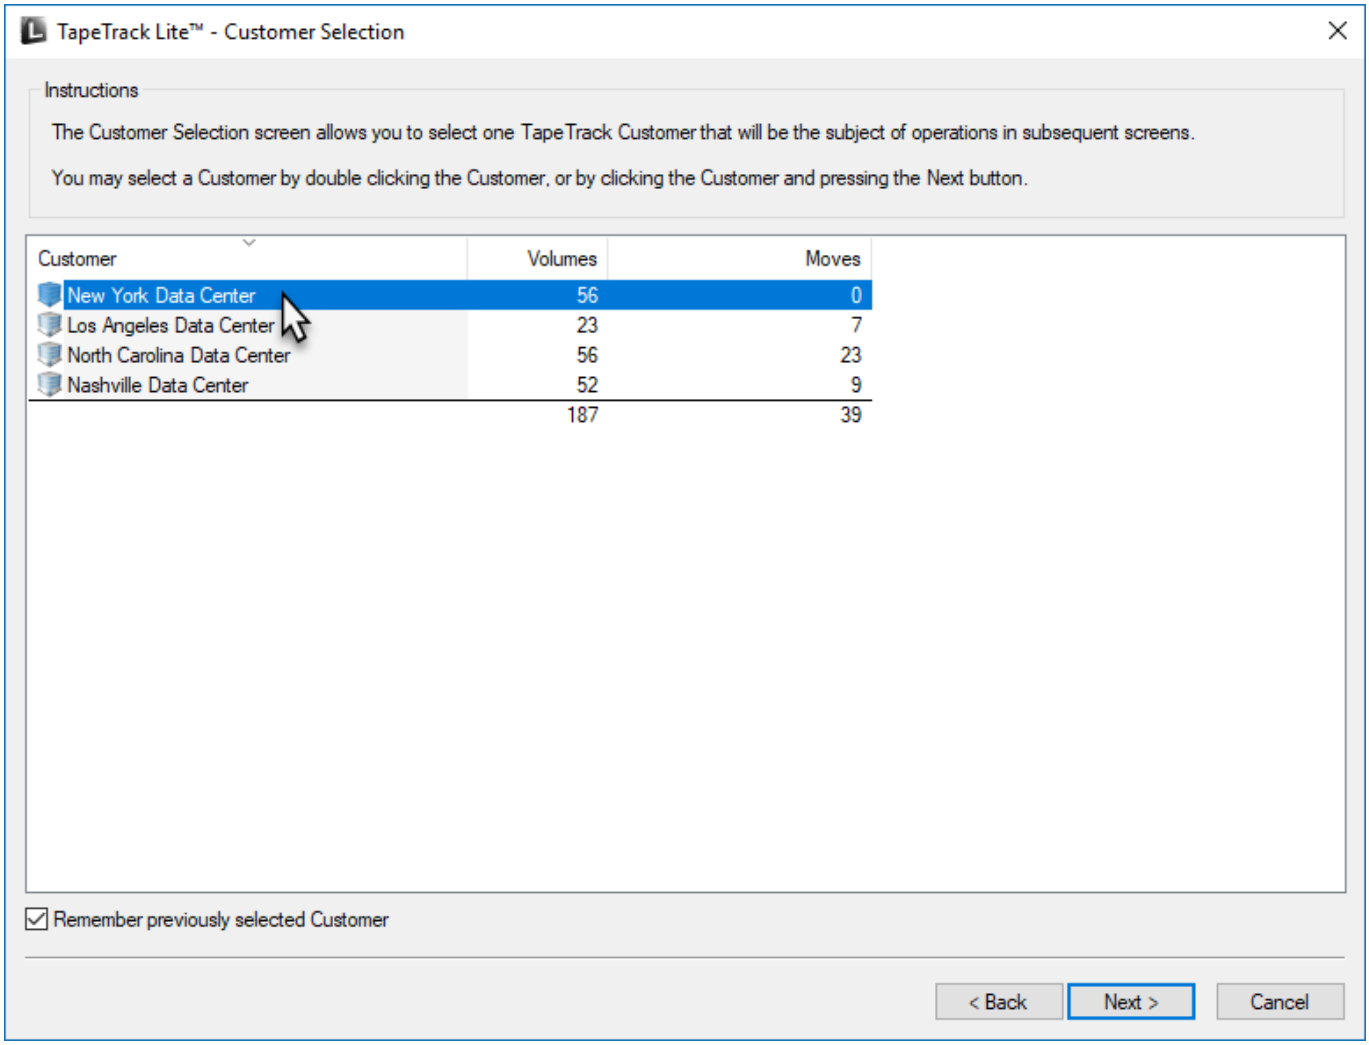

This will open the `Options` window. If required you can set the location for the log files to be written to, or leave the default. To change the default directory, click in the right of the Log File Folder and click on the more options button (...) and select the preferred directory.

Click `Next` button to continue.

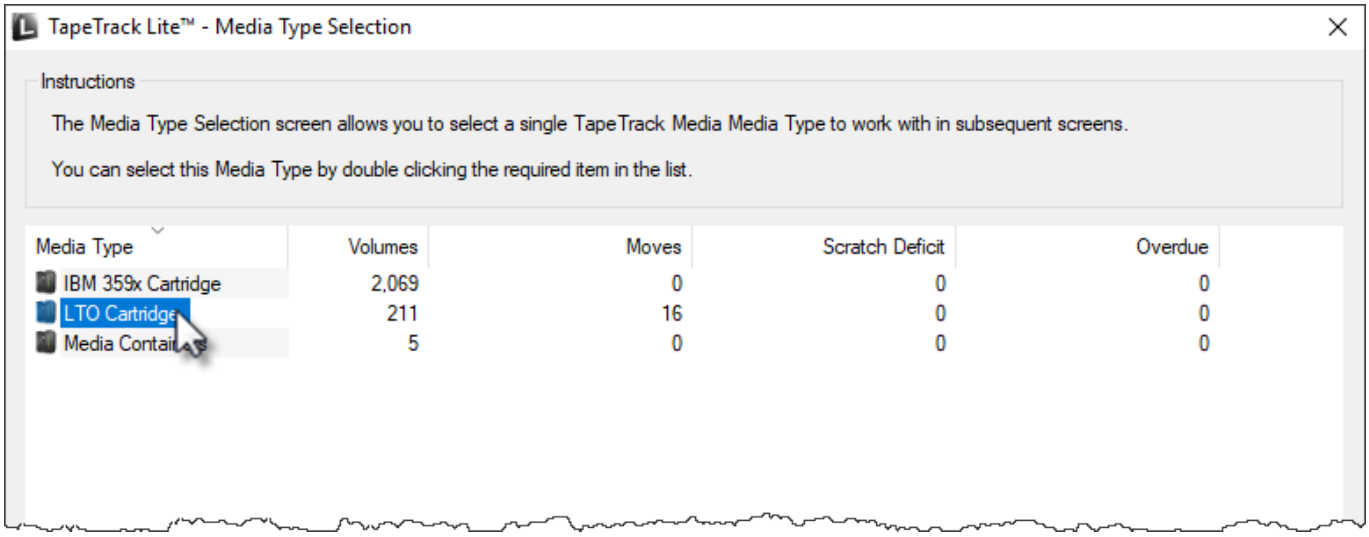

Customer Selection

Select the account or customer that you want to manage volumes for by double-clicking the Customer-ID or left clicking the customer-ID and clicking `Next` at the bottom of the page.

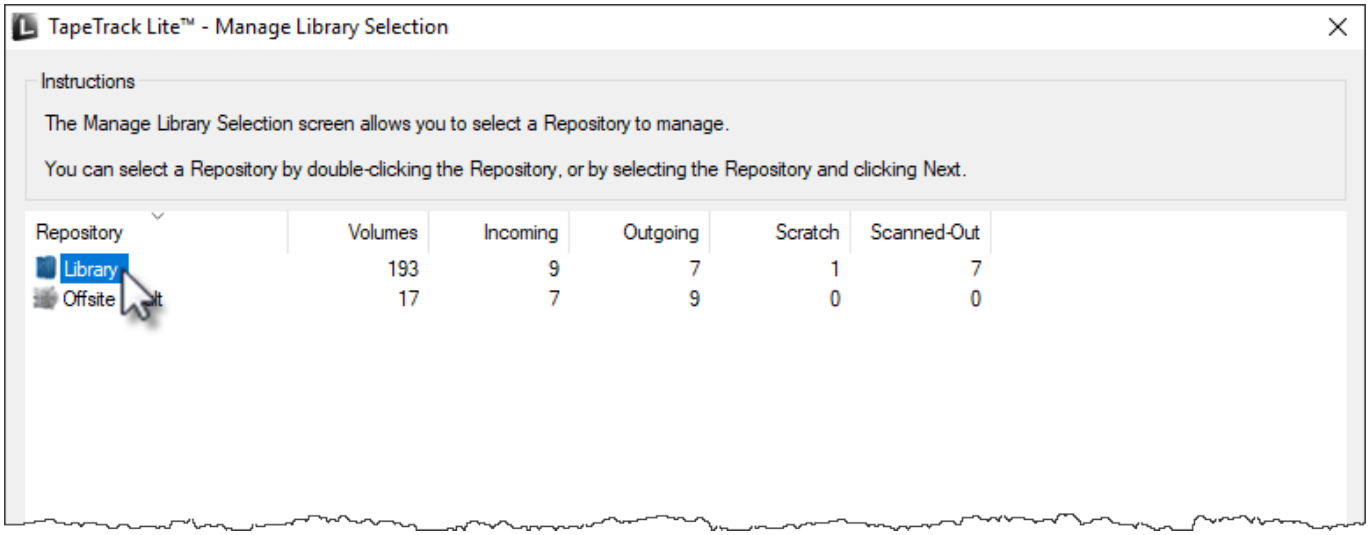

Media Selection

Select the media type to manage volumes by double clicking the required media or by selecting the media type and clicking `Next`

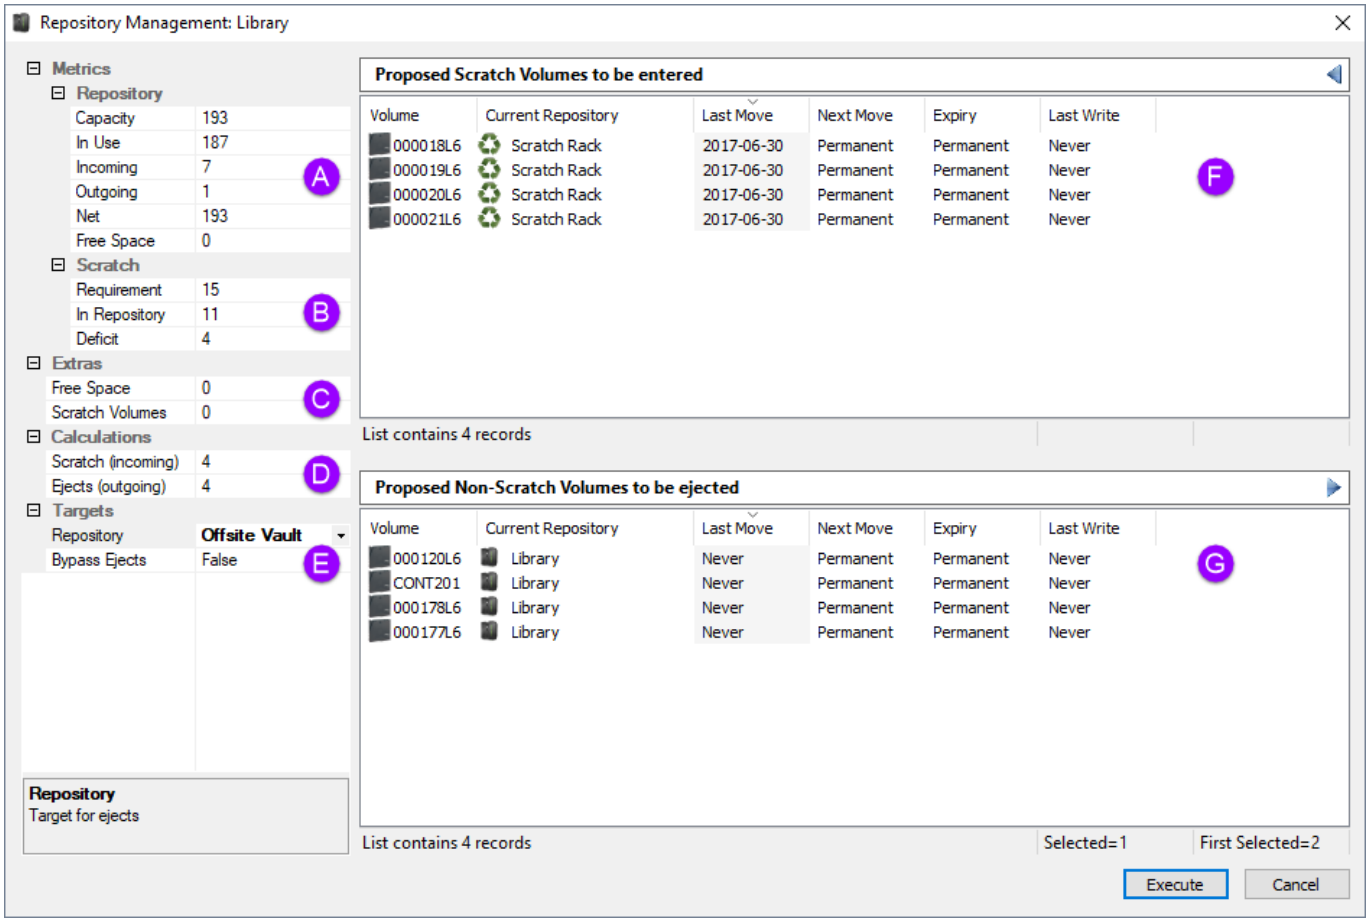

Repository Selection

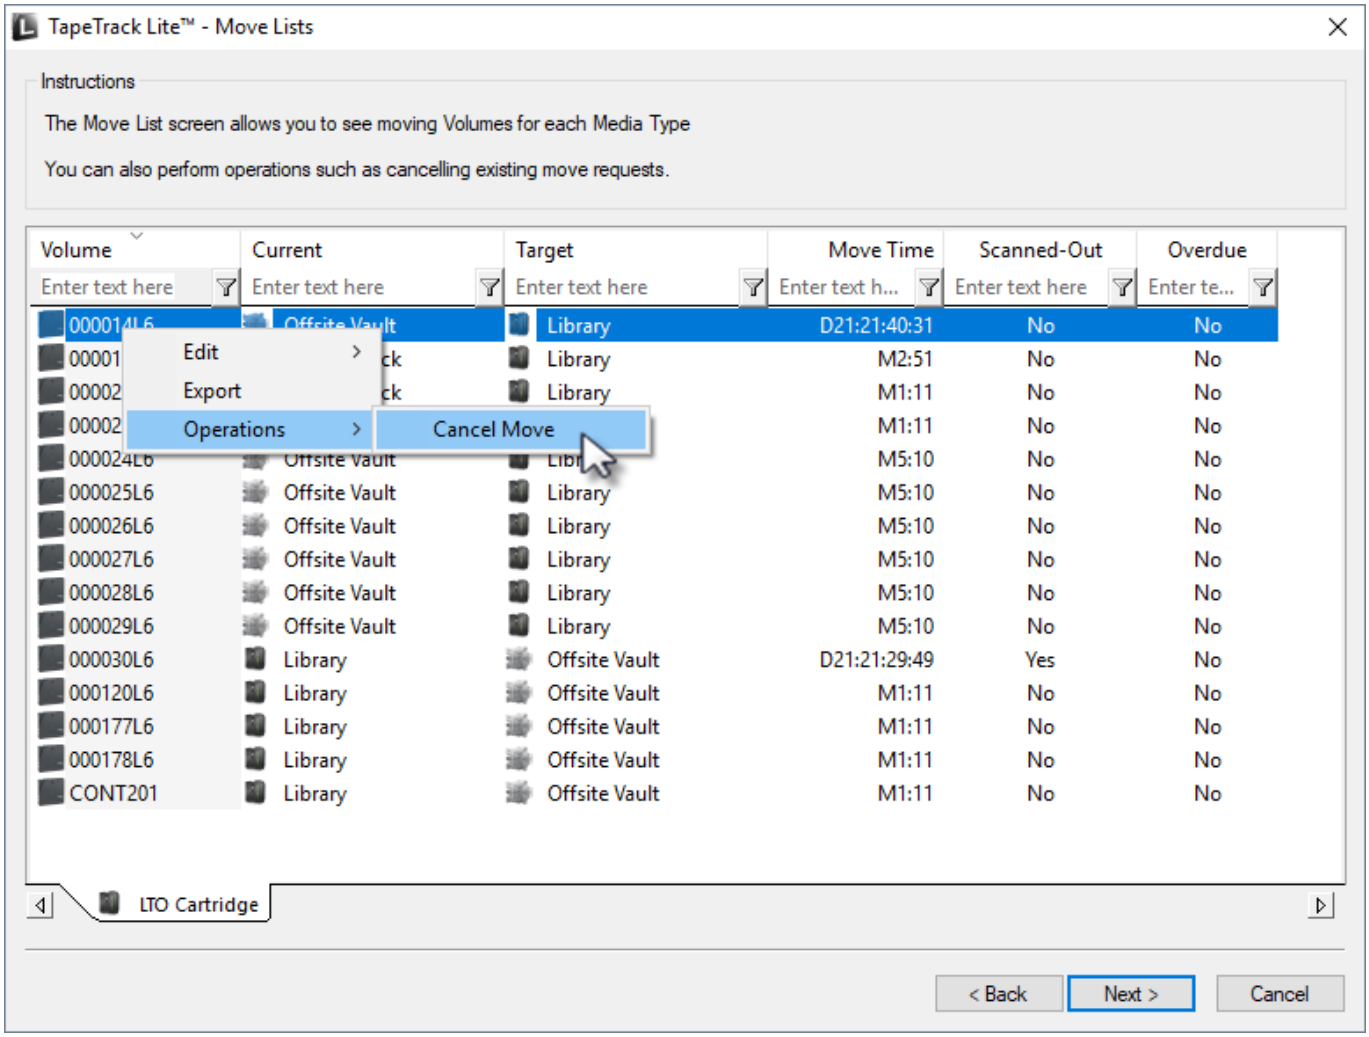

Select the repository to manage by double clicking the required repository or by selecting the repository type and clicking `Next`

Volume Management

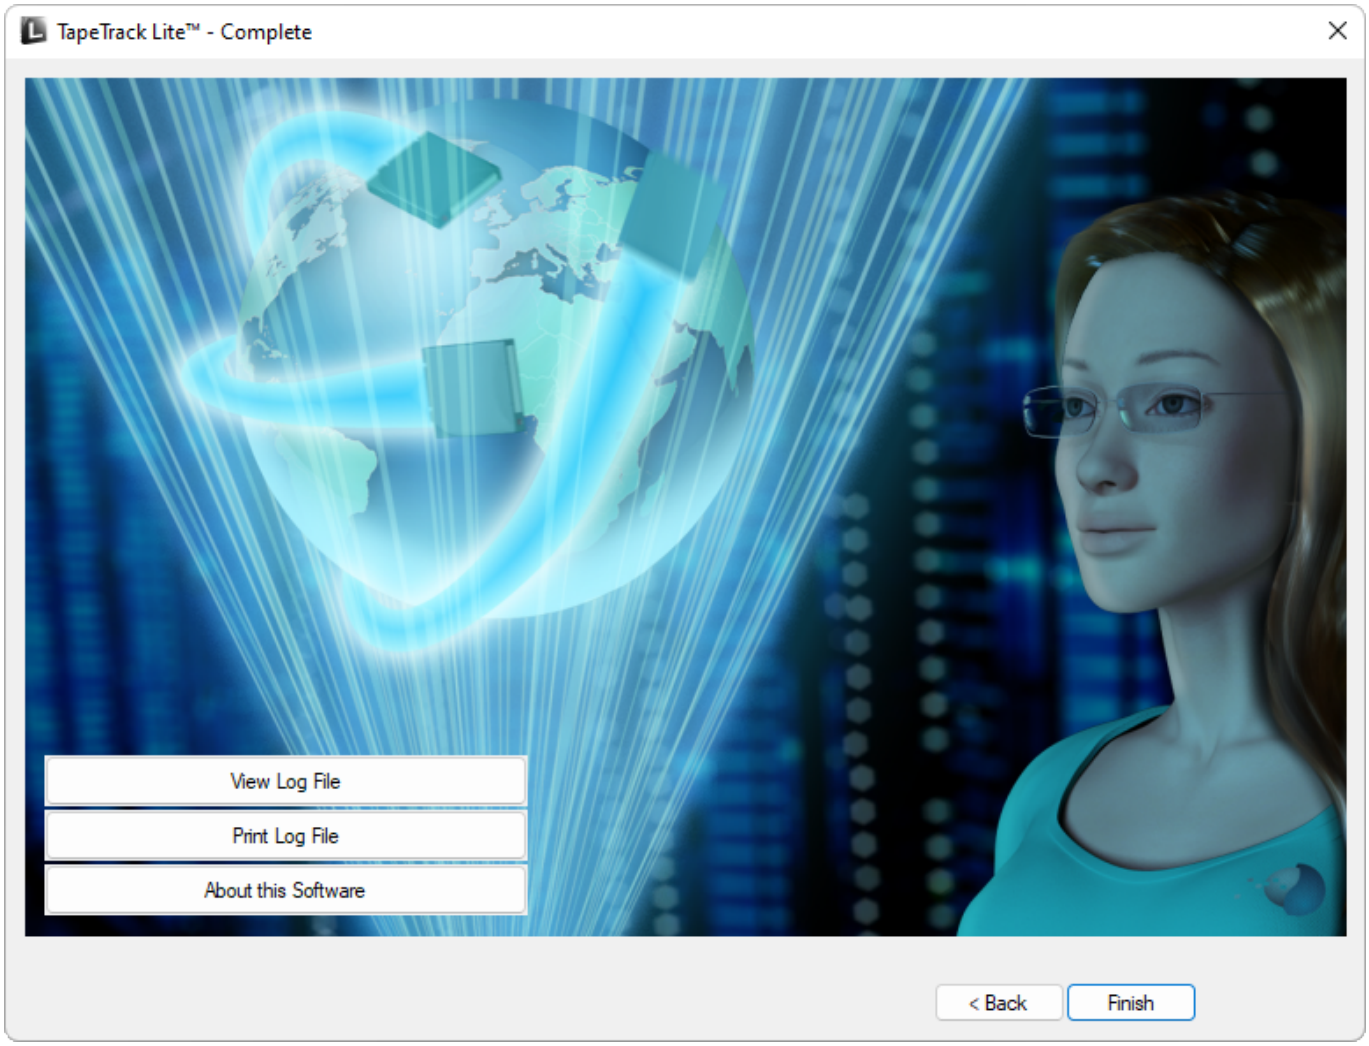

Move List

Complete

This will bring up the Complete window, from here you can

- Click `Finish`, `Cancel` or X to exit TapeTrack Lite
- Click `Back` to return to start menu and select another task
- Click `View Log File` to view the log
- Click `Print Log File` to print out log file for further reference
- Click `About This Software` to view product and support (email, phone & website) information
