

Users Guide

Selecting Users Guide will open up documentation to help guide you through TapeTrack Lite tasks and functions

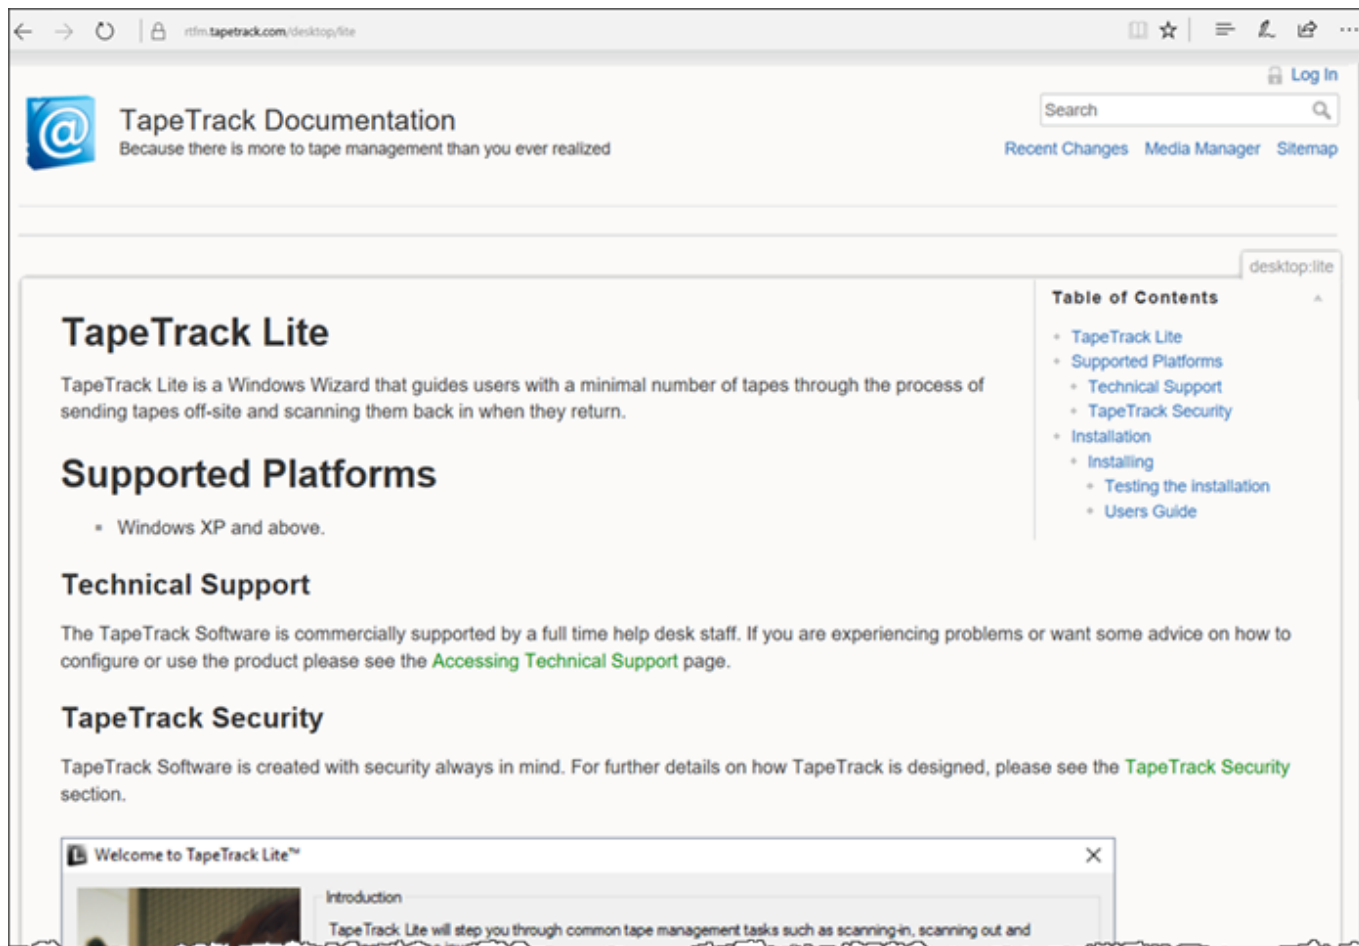

Select Users Guide

Once you have logged into TapeTrack Lite, select "Users" from the Library Management Tasks drop-down menu.

Users Guide option is hidden by default. Edit TMSLite.cfg file, change Guide to false and restart TapeTrack Lite

Select from the links available to access the information required.

The screenshot shows a web browser window with the URL [rtfm.tapetrack.com/desktop/lite](https://docs.tapetrack.com/desktop/lite). The page is titled "TapeTrack Documentation" with the tagline "Because there is more to tape management than you ever realized". A search bar and navigation links for "Recent Changes", "Media Manager", and "Sitemap" are visible. The main content area is titled "TapeTrack Lite" and describes it as a Windows Wizard for tape management. It lists "Supported Platforms" as "Windows XP and above." and provides links for "Technical Support" and "TapeTrack Security". A "Table of Contents" sidebar on the right lists: TapeTrack Lite, Supported Platforms, Technical Support, TapeTrack Security, Installation, Installing, Testing the installation, and Users Guide. At the bottom, a small window titled "Welcome to TapeTrack Lite™" shows an introduction slide.

If you are running an older version of Lite you may be directed to the older html version, if this is the case the newer wiki format is can be accessed from <https://rtfm.tapetrack.com/desktop/lite>
