System Requirements

Prerequisite Software

There is no pre-requisite software required to install and run TapeTrack Lite software, however, it must connect to an existing TapeTrack Server.

Minimal Requirements

TapeTrack Lite must have a network connection to a TapeTrack Framework Server.

The requirements for the TapeTrack Lite are minimal, but the following minimum configuration is recommended:

- Windows 10 and above.
- 1 GB of RAM.
- 20 MB of additional storage.
- Gigabyte Ethernet

Virtualization Support

TapeTrack Lite runs without issue in a virtualization environment and is regularly deployed under:

- VMWare ESX.
- Windows Hyper-V.
- Xen.
