Stock Control

Overview

Stock control enables you to enter volumes into TapeTrack without barcodes, to manage current stock levels and track history of new stock usage.

Adding Stock Assignment Rules

Select, from the main menu, Administration - Stock Control to open the stock control window.

Right click and select properties, or double click, on the first available stock control ID.

In the Stock Properties window: *Description * Insert a descriptive name for the stock control rule, e.g. for all US customers and LTO4 tapes* ***US LTO 4*** *Filters * Add filter to select Customer ID/s that will use this rule. e.g. For all US customers* ***US****
