

Zone Administration

Zone Administration gives you access to the zone administration window, from which you can add, remove or alter current zones as well as view slots currently in use through the zone usage tab.

To access the Zone Administration window, from the main menu, select Administration → Zone Administration.

Only users with tapemaster rights have access to the Administrative menu.

Zone Tab

The Zone tab displays current zones index, zone ID's, descriptions and number of slots per level.

Index	ID	Description	Slots/Level

To export to a file press Ctrl → e.

Select Yes on the Selection Required window.

Then select the output format from:

- Comma Delimited File (CSV)
- Microsoft Excel
- Text file
- XML File

Click **Select All** if you want to select all volumes for export. By default the **Open file when export is complete** is checked, uncheck if you do not want the file to open on export.

Click **OK** to export or **Cancel** to abort the process.

The dialog box is titled "Export Type Selection" and has a close button (X) in the top right corner. It contains the text "You can export this list to different formats. Please select an export type:". Below this text are five radio button options: "Adobe Acrobat File (PDF)" (selected), "Comma Delimited File (CSV)", "Microsoft Excel", "Text File", and "XML File (XML)". At the bottom left, there is a checked checkbox labeled "Open file when export is complete". To the right of the checkbox are three buttons: "Select All", "OK", and "Cancel". At the very bottom, there is an information icon (i) followed by the text "The export will contain 1 selected records".

Click the X in the top right corner to exit.
