Selecting A Container And Adding Volumes

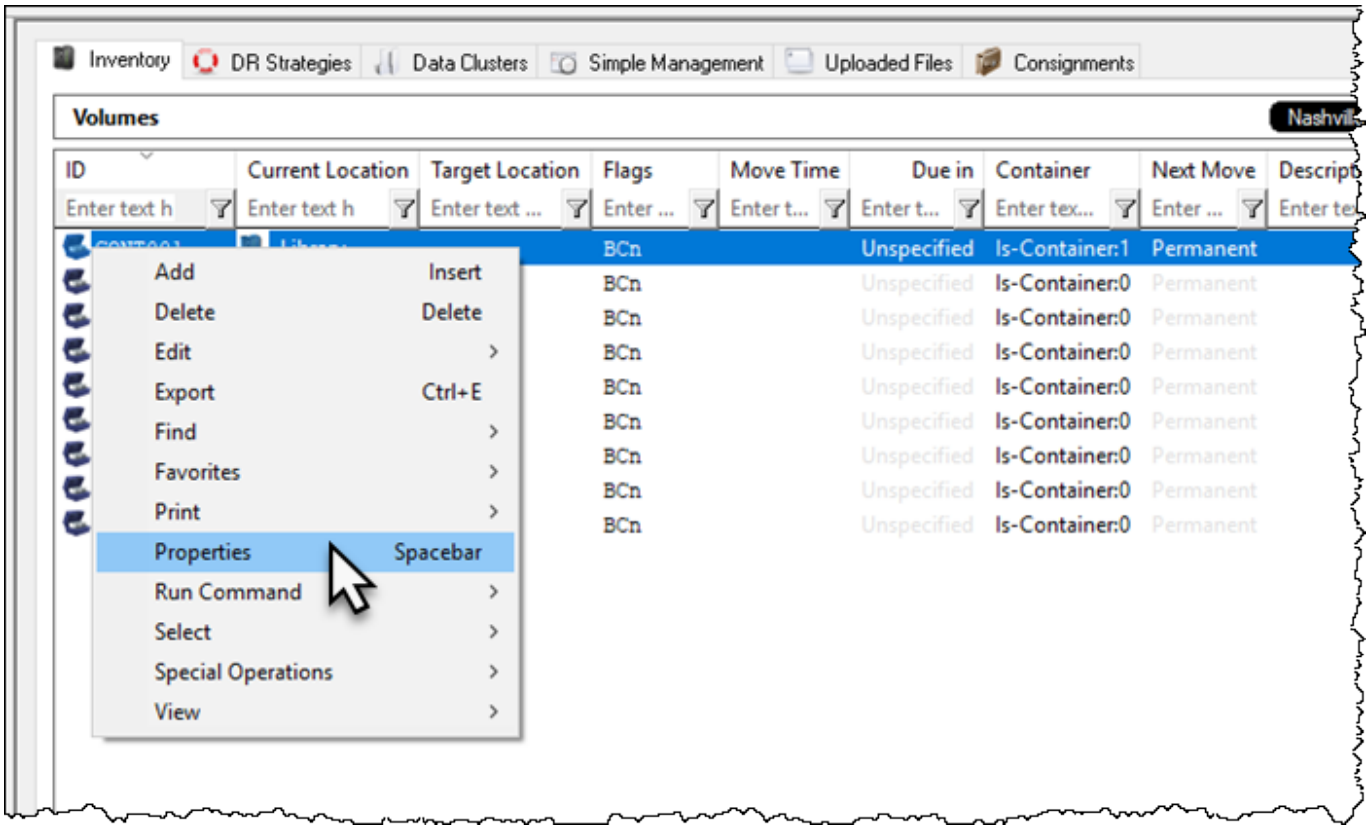

Adding Volumes From Windows Clipboard

Copy Volume-ID's to your windows clipboard,

To paste in volumes you must either select a container in the same media type as the volumes or ensure copied Volume-ID's are fully qualified

Right-click container and select `Properties`

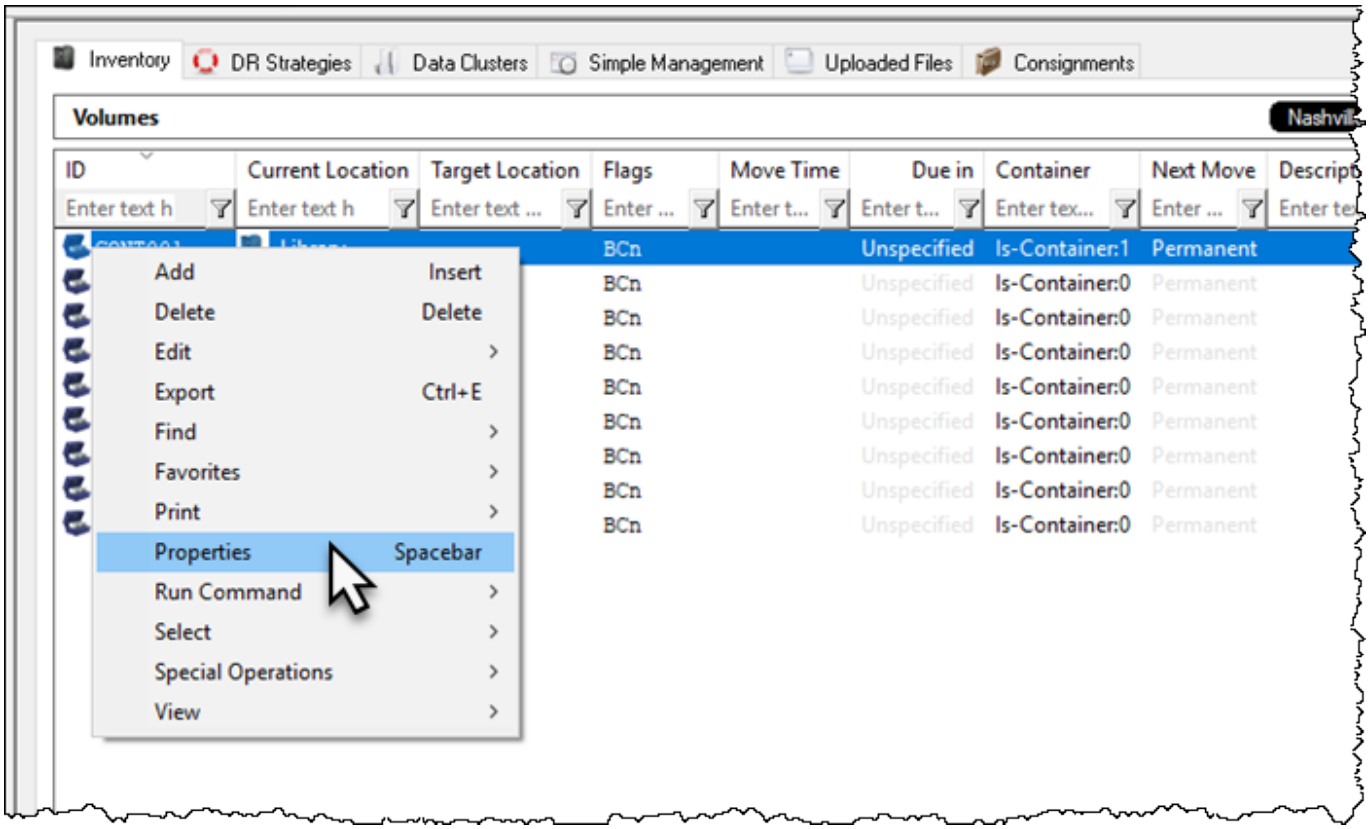

Select the **Container Contents** tab.

Right-click main window and select `Edit` → `Paste Volumes`

Click `Save` to close container properties window.

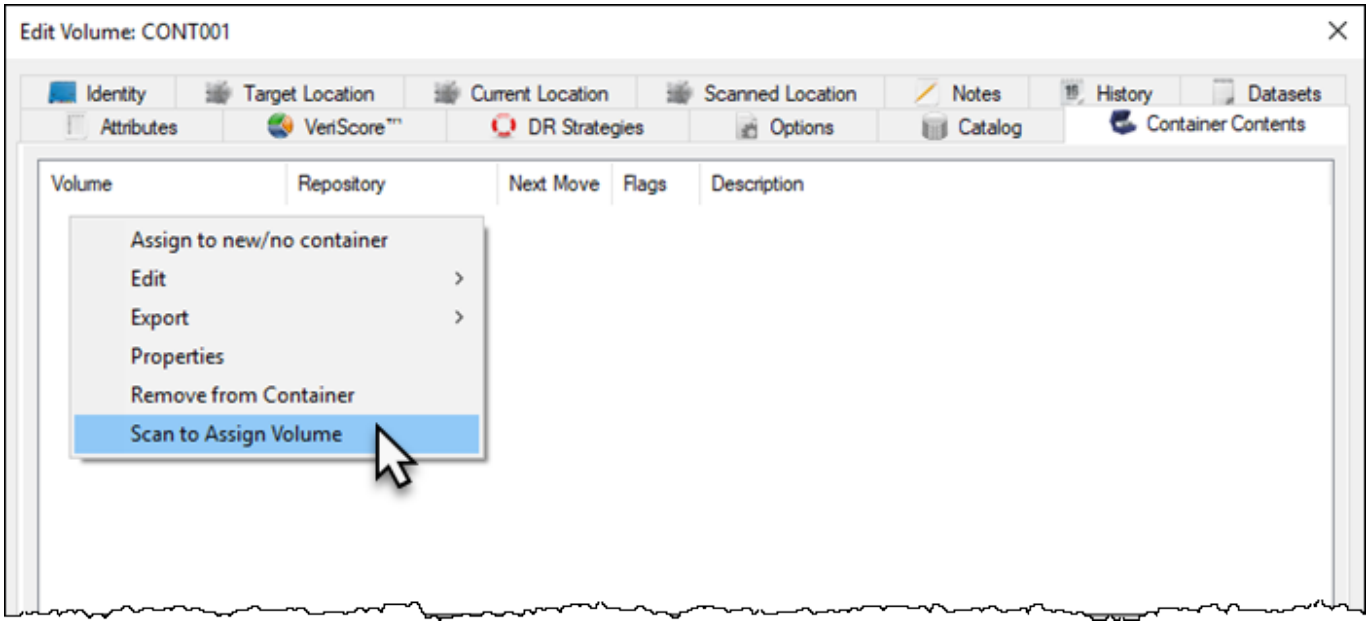

Adding Volumes Via Scan Window

Right-click container and select `Properties`, or double click.

Select **Container Contents** tab.

Right-click main window and select `Scan to Assign Volume` to open the scan-in window.

Scan the volumes, using your preferred scanning method.

If scanning unqualified barcodes ensure correct Customer-ID and Media-ID are set in the **Default** fields in the top right of the scan window.

Click X at the top right of the scan-in window to close.

Click Save to close the container properties window.
