

Favorite Flag

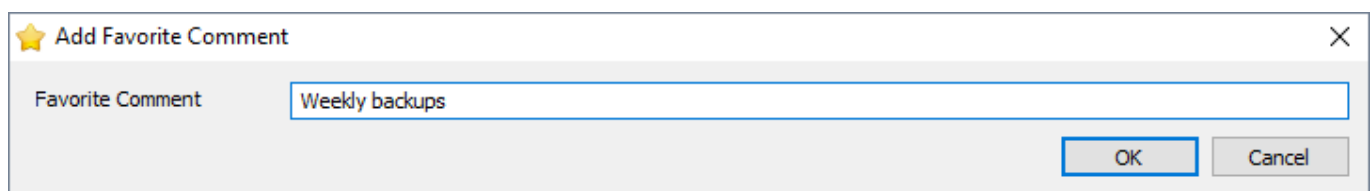

[Volumes](#) that need to be referenced on a regular basis, or need to be observed for any specific reason can be marked as a favorite. This allows easy identification and quick filtering from other [Volumes](#).

Adding a Favorite Volume

Select a [Volume](#), or a range of [Volumes](#), to be marked as a favorite. Right-click highlighted [Volume/s](#) and select Favorites → Set.

Insert comments describing why the [Volumes](#) are being marked as favorites and click OK.

This will add an F [flag](#) to the [Volume/s](#) and change the icon to a star.

Filtering Favorites

Adding an F in the Flags filter field will display any Volume marked as Favorite.

Pressing Ctrl+F will clear all filters and refresh the Volume display.

Listing Favorites

From the Main Menu, click Favorites > List.

From the Favorite list window you can right click any Volume and select Remove to unset the favorite flag or click Ctrl+E to open the export to file selection to export the inventory information of the Volumes.
