Find Customer

String searches may be executed against the Customer tree to quickly find a Customer-ID or description.

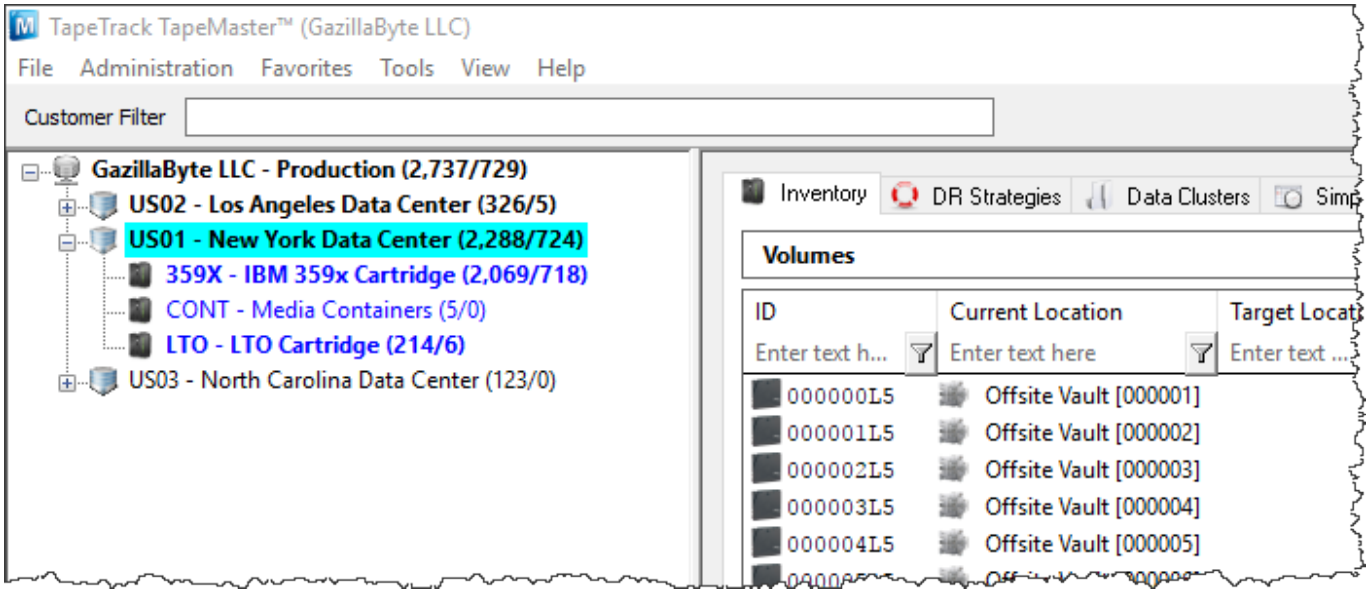

From the main menu select `Tools` → `Find Customer` or press the keyboard shortcut F3.

In the popup, enter the search term to match either the Customer-ID or description and click `Find Next`. Pattern matching may be used to enter partial strings or multiple search terms.

As matches are made against the search criteria, Customer-ID and description will be highlighted in blue on the customer tree.
