Adding and Deleting Repositories

Repositories are locations where Volumes can be located. This page contains information about Adding and Deleting Repositories.

Adding a Repository

To add a Repository, right-click on the Media Type that the Repository will be listed under and select “Add Repository.” Once the Edit Repository window opens, follow the instructions listed under the Repository Overview documentation to add or edit the Repository.

Deleting a Repository

To delete a Repository, right-click on the Repository that needs to be deleted and select “Delete this Item.” Note, there must not be any Volumes in this Repository in order to delete it.
