Adding and Deleting Repositories

Overview

Repositories are locations where Volumes can be located. This page contains information about Adding and Deleting Repositories.

Adding a Repository

To add a Repository, right-click on the Media Type that the Repository will be listed under and select `Add Repository`.

This will launch `Edit New Repository` window. The first tab on the `Edit New Repository` window is the Identity tab. The Identity tab requires the input of a Repository-ID and a Description. You can add up to four characters as the Repository-ID and up to twenty characters for the Description.

Deleting a Repository

To delete a Repository, right-click on the Repository that needs to be deleted and select `Delete`.
Note:There must not be any Volumes in this Repository in order to delete it.
