Movement History Tab

The Movement History Tab in the Repository Properties Window displays how many Volumes were confirmed at the selected Repository at each hour on any given day.

From the drop-down list select the required date for display.

The Y-Axis displays how many Volumes were confirmed at the selected Repository.

The X-Axis displays the hour in 24-Hour format that the Volumes were confirmed at the current Repository.

When finished viewing the move list click `Save`, `Cancel` or the X at the top right of the window to close.
