Setting TapeTrack License

Overview

When initially installed, the TapeTrack Framework Server will allow up to 100 tape volumes using a free license. To add more than 100 volumes or operate with more than 100 volumes you will need upgrade your TapeTrack license from the free license key to either a temporary license, 90 day trial license or permanent license key.

Temporary License

A temporary license key will allow you to operate the TapeTrack Software without restriction, but this mode of licensing is reserved for those evaluating the TapeTrack Software or those needing a license in an emergency situation. Temporary licenses are restricted to less than two weeks.

To obtain a temporary license:

90 Day Trial License

To Upgrade your free license to a full evaluation license:

1. Open TapeTrack TapeMaster and login with the user name **tapemaster** (case sensitive) and leave password blank (or use your password if it has been changed).

2. From the menu click `Help` → `Framework Server Licensing`

In the TapeTrack License window change the default values to your preferred details:

3. Change `Owner` from ACME Corp to your company name (e.g. **GazillaByte**)

4. Change description value to something more relevant (e.g. **Production**)

5. Set `Expiry Date` to new expiry (e.g. 90 days from today)

6. Change `Volumes`, under License Limits to desired number (0 = unlimited)

Click `Apply license changes` and `Export license to a file` to export updated license file to a known name (e.g. TrialKeyExport.cfg) and location.

Check the information in the config file (TrialKeyExport.cfg) by opening in Notepad or similar text editor and check all information has been updated and is correct. If it is not correct, delete file and repeat steps 3 to 6.

To allow you to start using TapeTrack until your new key is installed click `Get temporary license` and OK Press **F5** while in the customer tree window to refresh new information (Company name etc.)

TapeTrack TapeMaster should now display your new **Owner** name in place of ACME and the lower right of the screen should display `TapeTrack Server License is OK`

Permanent License

A permanent license key will allow you to operate the TapeTrack software without restriction until the expiry date associated with your license occurs.

Permanent license/s to TapeTrack are restricted to those who have an written End User License Agreement (ELUA) with GazillaByte.

To obtain a permanent license:
