

Setting TapeTrack License

Overview

When initially installed, the TapeTrack Framework Server will allow up to 100 tape volumes using a free license. To add more than 100 volumes or operate with more than 100 volumes you will need upgrade your TapeTrack license from the free license key to either a [temporary license, 90 day trial license](#) or [permanent license](#) key.

Temporary License

A temporary license key will allow you to operate the TapeTrack Software without restriction, but this mode of licensing is reserved for those evaluating the TapeTrack Software or those needing a license in an emergency situation. Temporary licenses are restricted to less than two weeks.

To obtain a temporary license:

1. Open TapeTrack TapeMaster and login with the user name **tapemaster** (case sensitive) and leave password blank (or use your password if it has been changed).
2. From the menu click Help → Framework Server Licensing
3. click Get temporary license and OK
4. Press **F5** while in the customer tree window to refresh new information

90 Day Trial License

To Upgrade your free license to a full evaluation license:

1. Open TapeTrack TapeMaster and login with the user name **tapemaster** (case sensitive) and leave password blank (or use your password if it has been changed).
2. From the menu click Help → Framework Server Licensing

In the TapeTrack License window change the default values to your preferred details:

3. Change Owner from ACME Corp to your company name (e.g. **GazillaByte**)
4. Change description value to something more relevant (e.g. **Production**)
5. Set Expiry Date to new expiry (e.g. 90 days from today)
6. Change Volumes, under License Limits to desired number (0 = unlimited)

Click **Apply license changes** and **Export license to a file** to export updated license file to a known name (e.g. `LicenseExport.cfg`) and location.

Check the information in the config file (`LicenseExport.cfg`) by opening in Notepad or similar text editor and check all information has been updated and is correct. If it is not correct, delete file and repeat steps 3 to 6.

To allow you to start using TapeTrack until your new key is installed click **Get temporary license** and **OK**

Press **F5** while in the customer tree window to refresh new information (Company name etc.)

TapeTrack TapeMaster should now display your new **Owner** name in place of ACME and the lower right of the screen should display **TapeTrack Server License is OK**

Permanent License

A permanent license key will allow you to operate the TapeTrack software without restriction until the expiry date associated with your license occurs.

Permanent license/s to TapeTrack are restricted to those who have an written End User License Agreement (ELUA) with GazillaByte.
