Modify Flags

To modify flags, select volume/s from inventory list, right click and select `Special Operations` → `Modify` → `Flags` to open the **Modify Flags** window.

Expand each flag from the displayed list that you wish to modify and select add, remove or toggle. Each flag value will display how many volumes (out of the ones selected) currently have (set count) or have not (non-set count) that flag applied.

Click `Apply Updates` to save and apply the changes.
