

Volume Global View

Volume Global View allows you to view and/or search [volumes](#) across all [customers](#) and [media](#) types within the one report.

To open **Volume Global View** select from the main menu Tools → Volume Global View.

The **Global View Scope** window opens with wildcard (*) values for each search field by default which will include every volume within TapeTrack in the report.

The output results can be focused at this stage if a more refined report is preferred by using [String Filters](#) on the Customer ID or Description field and/or the Media ID or Description field.

Global View Scope

You may now select a list scope.

It is not essential to set a scope, but if you only require a specific scope the list process may be faster.

☒ **Customer**

ID	US01
Description	*

☒ **Media Type**

ID	LTO
Description	*

ID
Media-ID filter

OK Cancel

Click OK to continue to the **Volume Global View**.

The left of the window displays:

- **Statistics**

- Customer Total: Number of Customer ID's
- Media Type Total: Number of unique Media types (Each Customers LTO media type counted as one type).
- Repository Total: Number or unique Repositories (Each Customers OFFS repository type counted as one type).
- Volume Total: Number of volumes across all Customer ID's.

- **Customer Subtotals:** Total number of volumes per Customer ID.

- **Media Subtotals:** Volume subtotals grouped by Media type.

- **Repository Subtotals:** Volume subtotals grouped by Repository type.

The right of the widow displays the:

- Volume ID
- Description
- Customer ID
- Customer Description
- Media ID
- Media Description
- Repository ID
- Repository Description
- Flags
- Next Move Date
- Last Move Date
- Expiry Date
- Last Write Date

Then select the output format from:

- Comma Delimited File (CSV)
- Microsoft Excel
- Text file
- XML File

Click Select All if you want to select all volumes for export. By default the **Open file when export is complete** is checked, uncheck if you do not want the file to open on export.

Click OK to export or Cancel to abort the process.

The screenshot shows the 'Export Type Selection' dialog box. It has a title bar with a close button (X). The main text says 'You can export this list to different formats. Please select an export type:'. Below this are five radio button options: 'Adobe Acrobat File (PDF)', 'Comma Delimited File (CSV)', 'Microsoft Excel', 'Text File', and 'XML File (XML)'. The 'Comma Delimited File (CSV)' option is selected. At the bottom, there is a checkbox 'Open file when export is complete' which is checked. To the right of this checkbox are three buttons: 'Select All', 'OK', and 'Cancel'. At the very bottom, there is an information icon and the text 'The export will contain 1 selected records'.

Click the X in the top right corner to exit.
