

Search For Volume

Search for Volume function allows a global search for [Volume/s](#) based on search criteria including Customer ID, Media-ID, Volume ID, Description, Current Repository and Target Repository.

To open the Search for Volume function, select from the main menu, Tools → Search for Volume

In the filter fields enter [search information](#) to focus results as required. Click Search to execute.

From the Volume Filter window, the right-click menu options are:

- **Edit**
 - Copy

- Unqualified Volumes (e.g. 000013L6)
- Unqualified Volumes (without suffix) (e.g. 000013)
- Volumes (e.g. US01.LTO.000013L6)

- **Export**

- To File

- **Select**

- All
 - Invert
