Date Aging - Last Audit Fail

Displays a table and bar graph of selected volumes last audit fail date.

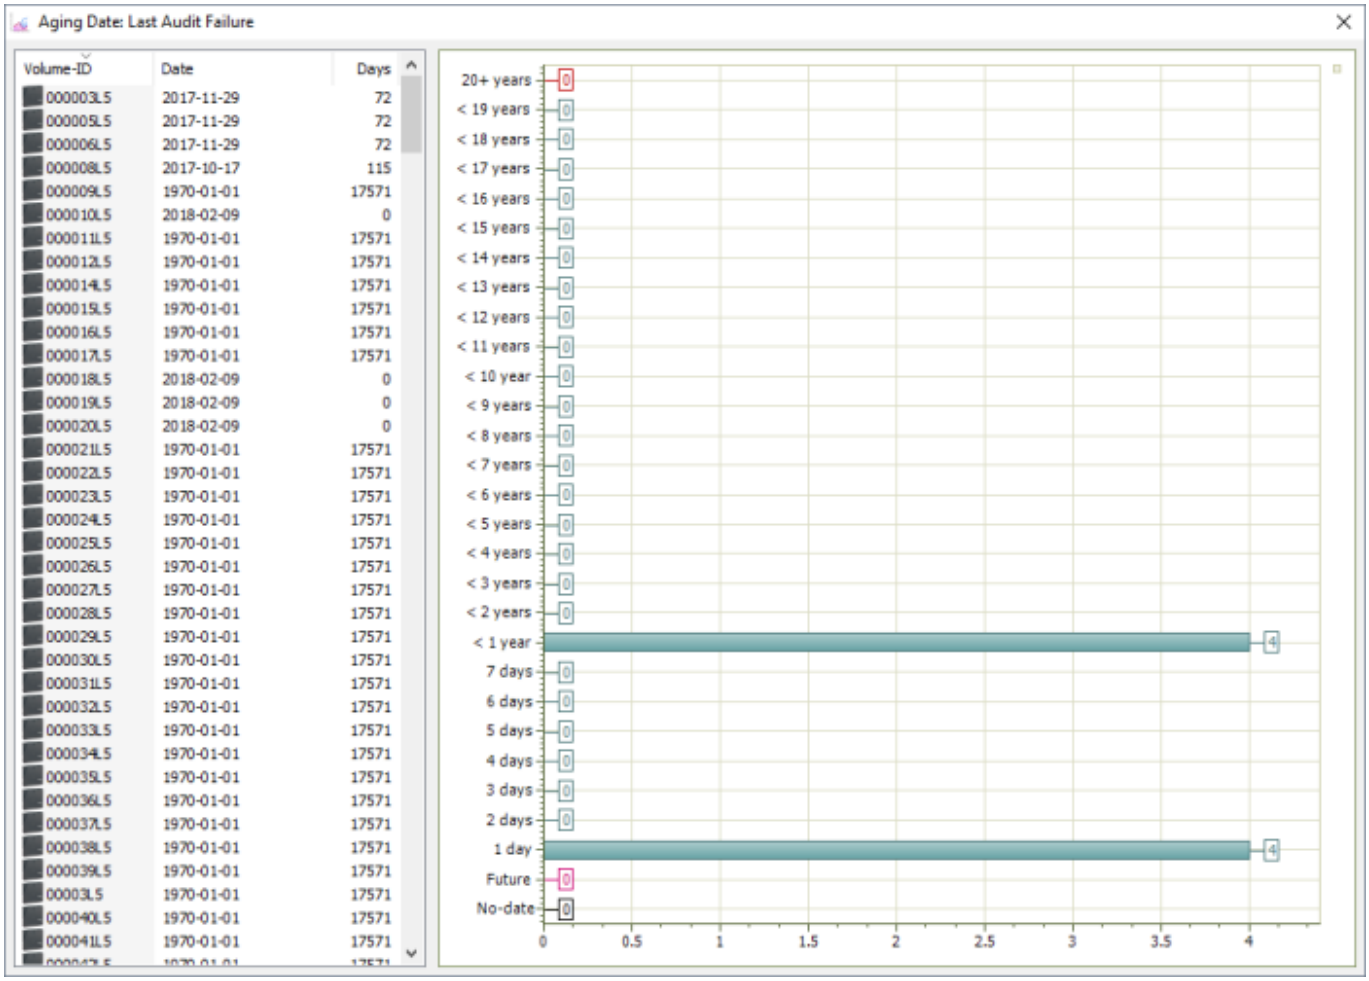

Selecting Volumes for Display

Select all volumes by right-clicking in the inventory window and select `Select→All`, or using shift+click and/or control+click select the range of tapes required.

Display Next Move

Right-click the selected volumes and click `View→Date Aging→Last Audit Fail`.

Volumes and associated information can be reordered by Volume ID, Date or Days since last fail by clicking on column headings. Clicking on the same heading will change the displayed order between ascending and descending order.

Right-Click Options

Right-clicking in the table (left) side of the report gives you the options:

- **Edit**
  - **Copy**: Copies the selected volume ID's to the clipboard.
- **Export**
  - **To Email**: Adds a fixed with text file with Volume IDs, Date and days since last audit fail to email
  - **To Text File**: Exports Volume IDs, next move date and days since last audit fail to fixed width text file.
- **Print**
  - **All**: Prints all volumes with Date and days since last audit fail.
  - **Selected**: Prints selected volumes with next move date and days since last audit fail.

Click the X in the top right of the window to close.
