

Date Aging - Last Audit Fail

Displays a table and bar graph of selected volumes last audit fail date.

Selecting Volumes for Display

Select all volumes by right-clicking in the inventory window and select **Select→All**, or using shift+click and/or control+click select the range of tapes required.

Display Next Move

Right-click the selected volumes and click **View**→**Date Aging**→**Last Audit Failure Time**.

Volumes and associated information can be reordered by Volume-ID, Date or Days since last fail by clicking on column headings. Clicking on the same heading will change the displayed order between ascending and descending order.

Right-Click Options

Right-clicking in the table (left) side of the report gives you the options:

- **Edit**
 - **Copy**: Copies the selected Volume-ID's to the clipboard.
- **Export**
 - **To Email**: Adds a fixed with text file with Volume-IDs, Date and days since last audit fail to email.
 - **To Text File**: Exports Volume-IDs, next move date and days since last audit fail to fixed width text file.
- **Print**
 - **All**: Prints all volumes with Date and days since last audit fail.
 - **Selected**: Prints selected volumes with next move date and days since last audit fail.

Click the X in the top right of the window to close.
