Date Aging - Last Update Time

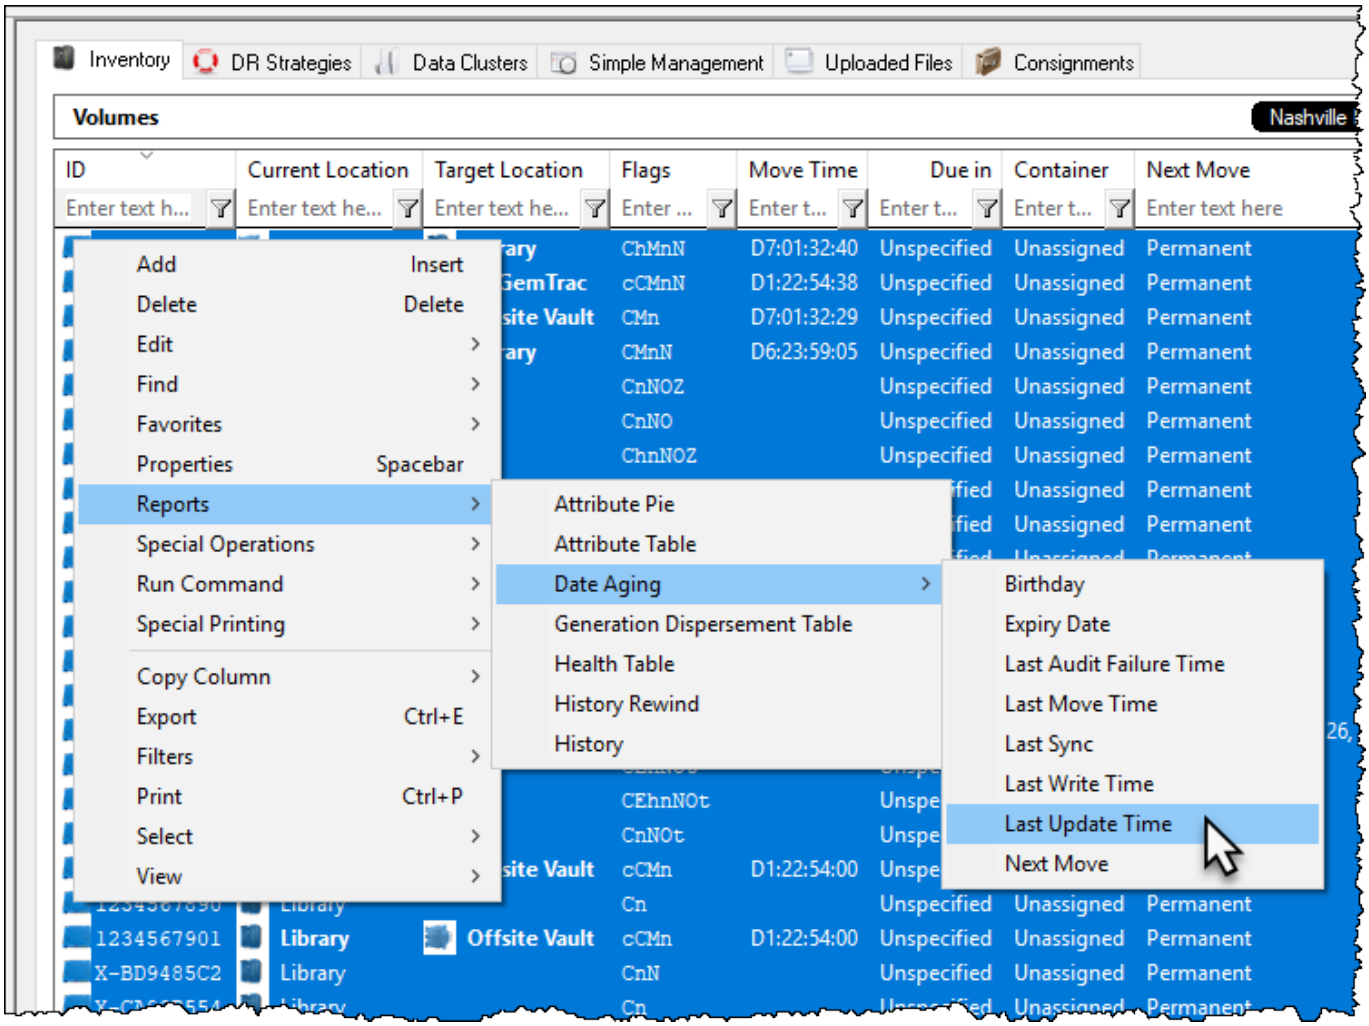

Displays a table and bar graph of selected volumes last update time and date.

Selecting Volumes for Display

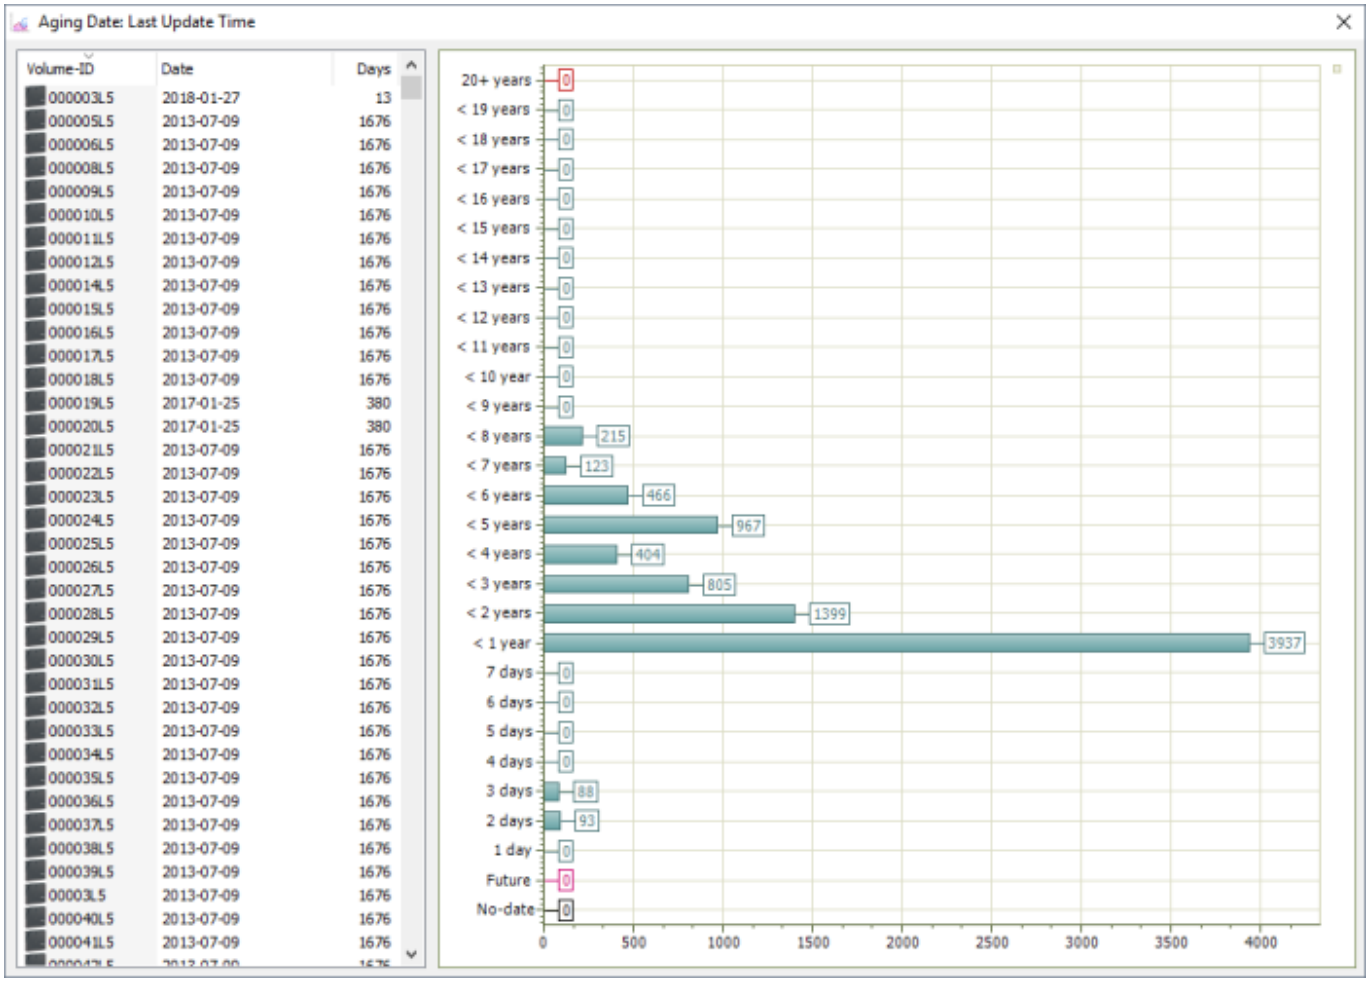

Select all volumes by right-clicking in the inventory window and select `Select→All`, or using shift+click and/or control+click select the range of tapes required.

Display Volume Last Update Time

Right-click the selected volumes and click `View→Date Aging→last update time`.

Volumes and associated information can be reordered by Volume ID, Date or Days since last write by clicking on column headings. Clicking on the same heading will change the displayed order between ascending and descending order.

Right-Click Options

Right-clicking in the table (left) side of the report gives you the options:

- **Edit**
  - **Copy**: Copies the selected volume ID's to the clipboard.
- **Export**
  - **To Email**: Adds a fixed with text file with Volume IDs, Date and time of creation and days since creation to email
  - **To Text File**: Exports Volume IDs, Date and time of creation and days since creation to fixed width text file.
- **Print**
  - **All**: Prints all volumes with Date and time of creation and days since creation.
  - **Selected**: Prints selected volumes with Date and time of creation and days since creation.

Click the X in the top right of the window to close.
