Date Aging - Last Update Time

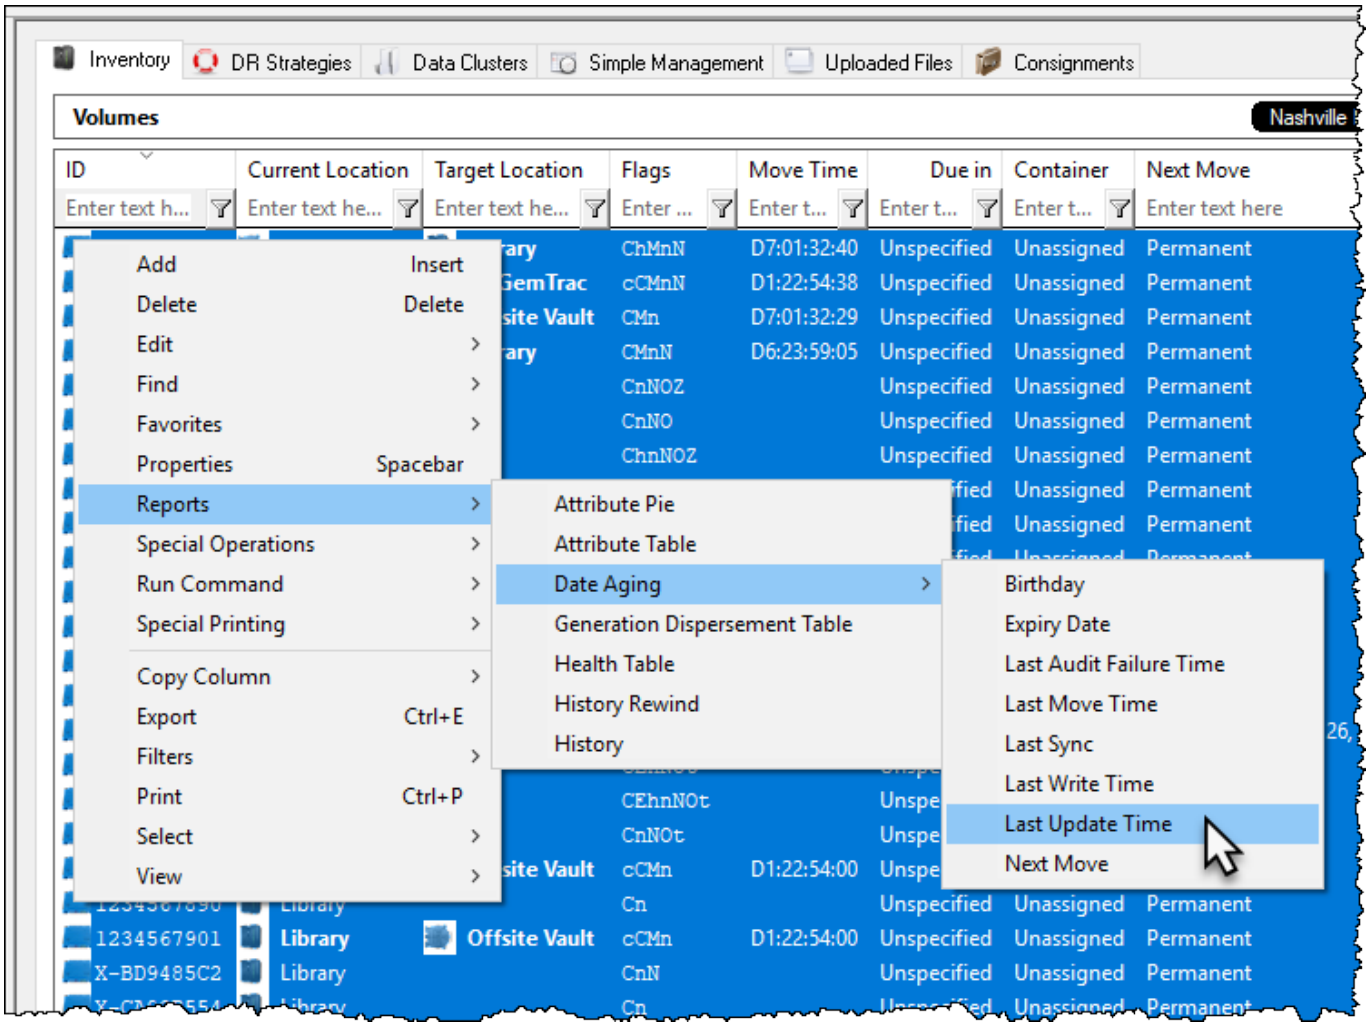

Displays a table and bar graph of selected volumes last update time and date.

Selecting Volumes for Display

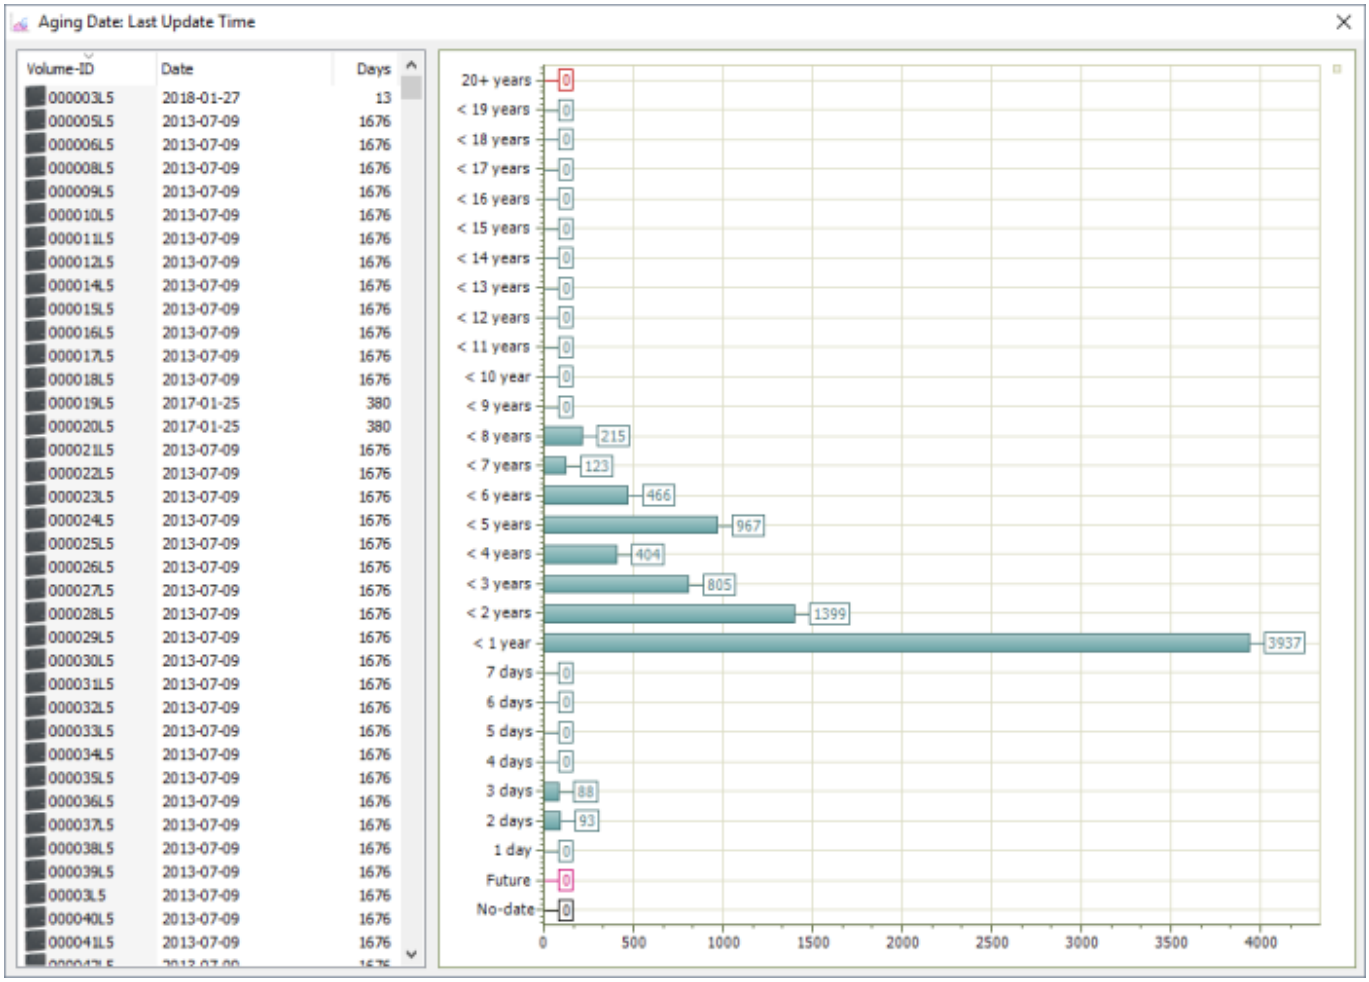

Select all volumes by right-clicking in the inventory window and select `Select→All`, or using shift+click and/or control+click select the range of tapes required.

Display Volume Last Update Time

Right-click the selected volumes and click `View→Date Aging→last update time`.

Volumes and associated information can be reordered by Volume ID, Date or Days since last write by clicking on column headings. Clicking on the same heading will change the displayed order between ascending and descending order.

Right-Click Options

Right-clicking in the table (left) side of the report gives you the options:

- **Edit**
  - **Copy**: Copies the selected volume ID's to the clipboard.
- **Export**
  - **To Email**: Adds a fixed with text file with Volume IDs, Date of last write and days since last write to email
  - **To Text File**: Exports Volume IDs, Date and days since last write to fixed width text file.
- **Print**
  - **All**: Prints all volumes with Date and days since last write.
  - **Selected**: Prints selected volumes with Date days since last write.

Click the X in the top right of the window to close.
