Date Aging - Next Move

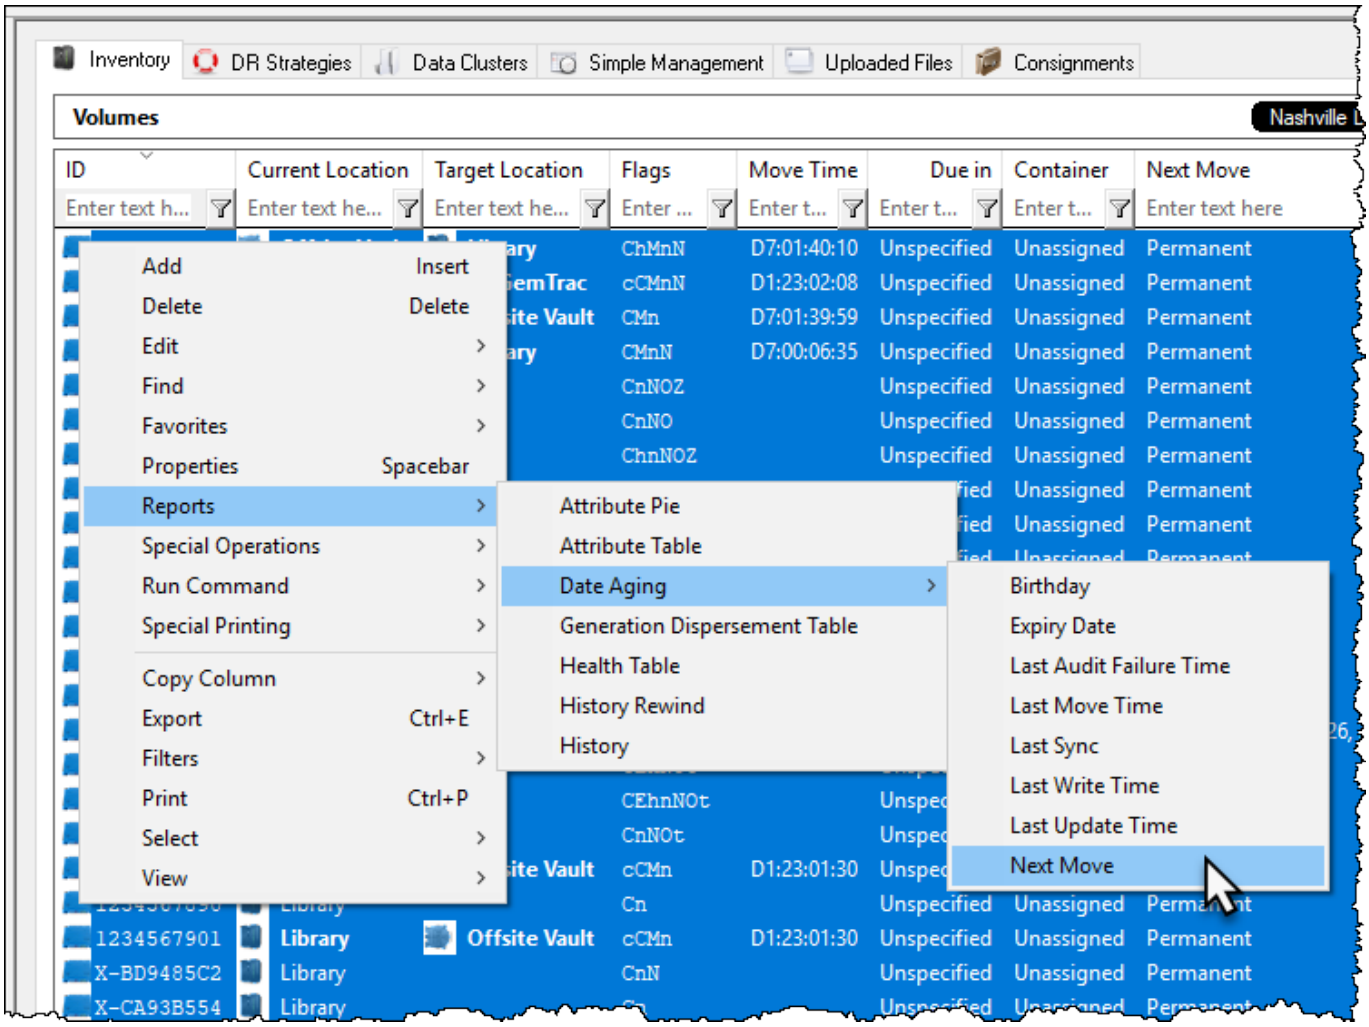

Displays a table and bar graph of selected volumes next move date.

Selecting Volumes for Display

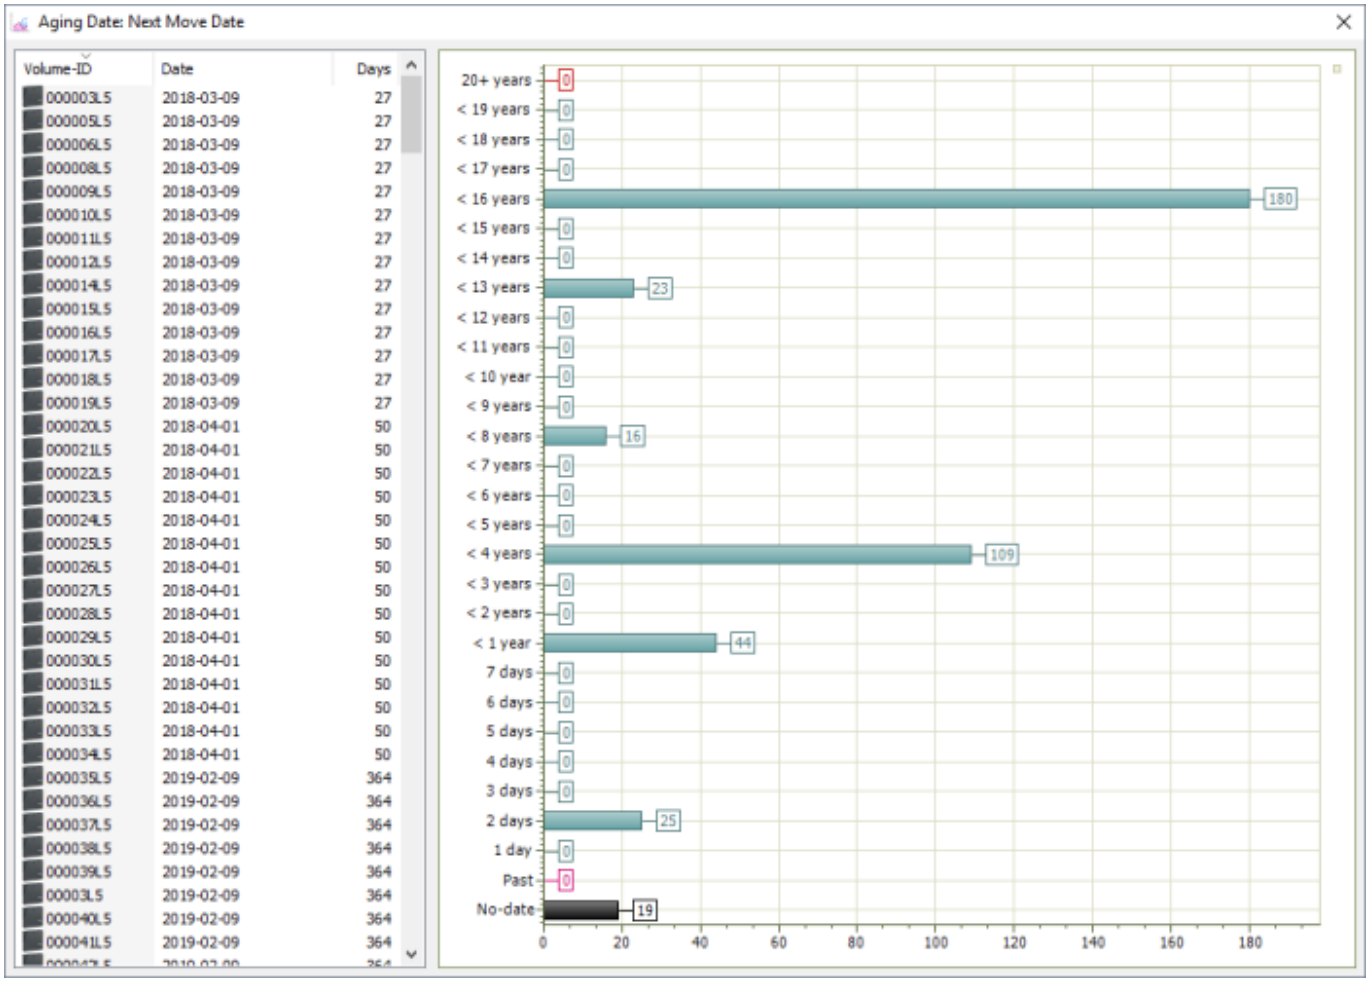

Select all volumes by right-clicking in the inventory window and select `Select→All`, or using shift+click and/or control+click select the range of tapes required.

Display Next Move

Right-click the selected volumes and click `View→Date Aging→Next Move`.

Volumes and associated information can be reordered by Volume-ID, Date or Days until next move by clicking on column headings. Clicking on the same heading will change the displayed order between ascending and descending order.

Right-Click Options

Right-clicking in the table (left) side of the report gives you the options:

- **Edit**
  - **Copy**: Copies the selected Volume-ID's to the clipboard.
- **Export**
  - **To Email**: Adds a fixed with text file with Volume-IDs, Date and days until next move to email
  - **To Text File**: Exports Volume-IDs, next move date and days until next move to fixed width text file.
- **Print**
  - **All**: Prints all volumes with Date and days until next move.
  - **Selected**: Prints selected volumes with next move date and days until next move.

Click the X in the top right of the window to close.
