Status Bar

The **Status Bar** is displayed at the bottom of the TapeMaster Interface. image It is composed of three components:

1. Version Tracking
2. Licensing Information
3. Get Free TapeTrack Support Button

Version Tracking

The Version Tracking field will display one of two messages: “Your TapeTrack TapeMaster is up-to-date” or “Your TapeTrack TapeMaster is out-of-date”. If the Status Bar displays “Your TapeTrack TapeMaster is out-of-date”, follow the Upgrading the Software guide.

Licensing Information

The Licensing Information field will display the status of your Framework Server License. If the License is listed as “Not-OK”, contact your TapeTrack Server Administrator.

Free TapeTrack Support

The Free TapeTrack Support field is a button that will launch a new message window in the default e-mail application, with a template e-mail for the TapeTrack Help Desk.
