Status Bar

The **Status Bar** is displayed at the bottom of the TapeMaster Interface. image It is composed of three components:

1. **Version Tracking**
2. **Licensing Information**
3. **Get Free TapeTrack Support Button**

Version Tracking

The **Version Tracking** field will display one of two messages: “Your TapeTrack TapeMaster is up-to-date” or “Your TapeTrack TapeMaster is out-of-date”. If the **Status Bar** displays “Your TapeTrack TapeMaster is out-of-date”, follow the Upgrading the Software guide. ==== Licensing Information ==== The **Licensing Information** field will display the status of your Framework Server License. If the License is listed as **Not-OK**, contact your TapeTrack Server Administrator. ==== Free TapeTrack Support ==== The Free TapeTrack Support field is a button that will launch a new message window in the default e-mail application, with a template e-mail for the [[common:support_details|TapeTrack Help Desk.
