

# Paste Value By ID

Paste value by ID allows you to paste in Attribute or next move values from the clipboard by Volume-ID.

## Copy Values to Clipboard

Select Volume-ID's and values (Attributes or next move dates) and copy to windows clipboard from file (text, CSV or Excel) or email.

### Attribute Values

### Movedate Values

Long Barcode Values

Long Barcodes in hashed format and extended Attribute Long Barcode must exist in TapeTrack before pasting in values

Paste Values from Clipboard

In the required media type, right-click in the inventory window and select Edit→Paste→Value by ID and then either Attribute, Long Barcode or Next Move.

This will open the **Paste Attribute** window with the Volume-ID's, old values and the new or updated values. If the information displayed is correct, click Apply to commit the data.

Paste Attribute

| ID       | Old Value | New Value | Changed |
|----------|-----------|-----------|---------|
| 000000L5 | value     | new value | Yes     |
| 000001L5 | value     | new value | Yes     |
| 000002L5 | value     | new value | Yes     |
| 000003L5 | value     | new value | Yes     |
| 000004L5 | value     | new value | Yes     |
| 000005L5 | value     | new value | Yes     |
| 000006L5 | value     | new value | Yes     |
| 000007L5 | value     | new value | Yes     |
| 000008L5 | value     | new value | Yes     |
| 000009L5 | value     | new value | Yes     |
| 000010L5 | value     | new value | Yes     |
| 000011L5 | value     | new value | Yes     |
| 000012L5 | value     | new value | Yes     |
| 000014L5 | value     | new value | Yes     |
| 000015L5 | value     | new value | Yes     |
| 000016L5 | value     | new value | Yes     |
| 000017L5 | value     | new value | Yes     |
| 000018L5 | value     | new value | Yes     |

List contains 18 records

Apply

Cancel

If there is no new data to apply to the volumes you will receive a popup stating **There are no changes to apply as the values have not changed**

Nothing to change

There are no changes to apply as the values have not changed.

OK
