Container

A Container represents one physical object that is to be tracked and can contain other assigned Volumes.

Common Container include:

- Box
- Transport Container (eg. Turtle Case)

Container-ID

A Container-ID is a String of characters associated with a Container.

The Container-ID will be reflected in the Container Barcode, which may be a Fully Qualified Barcode, or an Unqualified Barcode.

A Container-ID is a Volume-ID and is synonymous with the terms Volume Serial and Volsers.
