The **Volume Attributes** panel displays:

- [Customer-ID](#) and [Description](#).
- [Media-ID](#) and [Description](#).
- [Volume-ID](#).

The [Volume-ID](#) is set on creation of the [Volume](#) and is then, in normal operation, a non editable field as are the [Customer-ID](#) and [Media-ID](#) fields.

The center panel shows a barcode image of the [Volume-ID](#).

Expanding the lower section **Update Statistics** displays information of when, where and who created the [Volume](#). These values are captured automatically on creation of the [Volume](#) and are non

editable fields.
