# Printing Zone Barcodes

Zone barcodes can be printed from TapeTrack TapeMaster using the TapeTrack Barcode Printer.

Identify what zone ID barcodes required to print by right-clicking the repositories, in the respective customer media types, and select `Properties` and then the `Zones` tab.

In the Zone Administration window under the heading **Zone** is the Zone-ID number and Zone description (in the format number:description). Record these details and close the window by the X at the top right or using the `Cancel` button.

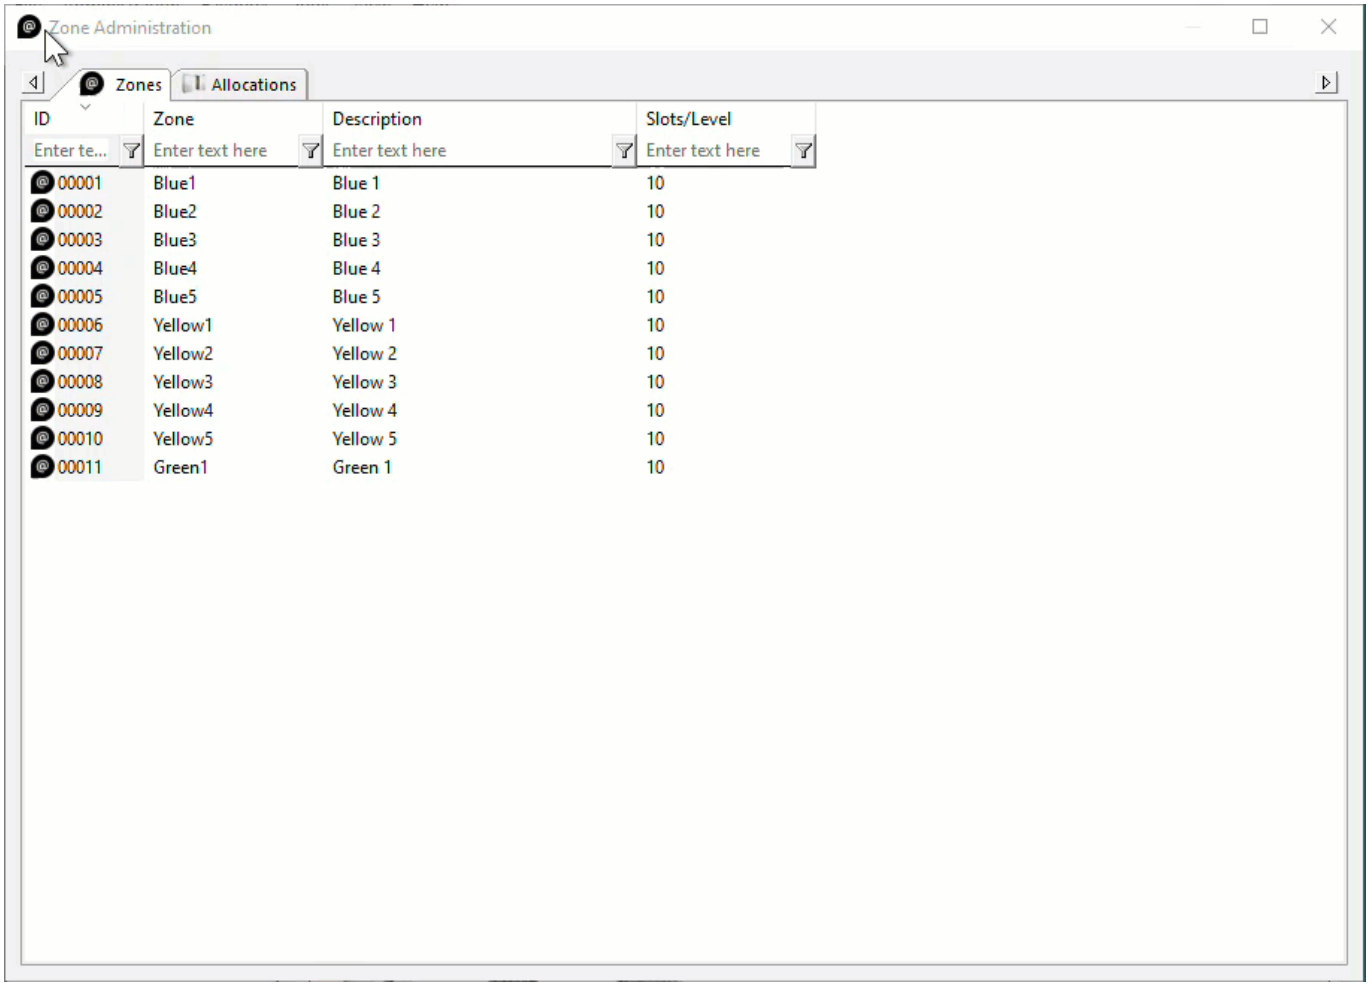

From the main menu, select `Administration→Zone Administration`.

From the displayed zones, select the required zones (range select Shift+Click, Control+Click).

Right-click the highlighted zones and select `Print→Labels` to pass the barcodes through to the TapeTrack Barcode Printer.
