

Starting and Stopping the Service

When performing tasks such as server maintenance it may be necessary to manually start and stop the TapeTrack Service.

Windows

DOS Prompt

From a DOS prompt started as Administrator you can run the following commands:

```
Microsoft Windows [Version 10.0.14393]
(c) 2016 Microsoft Corporation. All rights reserved.

C:\WINDOWS\system32>net stop TMSS10SVC
The TapeTrack Media Management Framework Server service is stopping.
The TapeTrack Media Management Framework Server service was stopped
successfully.

C:\WINDOWS\system32>net start TMSS10SVC
The TapeTrack Media Management Framework Server service is starting.
The TapeTrack Media Management Framework Server service was started
successfully.
```

Windows Service Manager

TapeTrack Server Helper

Run the TapeTrack Server Helper App and press the Start or Stop Button in the Server Control Section.
