# Certificates and Certification

In TapeTrack, a **Certificate** is a digitally-generated form that indicates whether or not a Repository is performing adequately. Repositories can either receive a Certified status or a Refused status. Repositories gaining a Certificate Refused status have Audit Failures due to either surplus Volumes or deficit Volumes.

certificates that have previously been generated can be viewed on the Certificate tab.

## Viewing Certificates

Certificates can be viewed under the `Certification Tab` in the Repository Properties Window.
