

## Certificates and Certification

In TapeTrack, a **Certificate** is a digitally-generated form that indicates whether or not a [Repository](#) is performing adequately. [Repositories](#) can either receive a Certified status or a Refused status. [Repositories](#) gaining a Certificate Refused status have Audit Failures due to either surplus [Volumes](#) or deficit [Volumes](#).

certificates that have previously been [generated](#) can be viewed on the Certificate tab.

Save Cancel Help

- **Time** displays the date and time the certificate was produced
  - A tick indicates a successful certification
  - A cross indicates an unsuccessful certification

## Viewing Certificates

Certificates can be viewed under the Certification Tab in the [Repository Properties Window](#).
