Preferences

The Preferences window in the File Menu sets basic customizations for TapeMaster such as sounds, hidden objects, etc.

Options

- **Disable sounds**: If set to **True**, all sounds in TapeMaster will be muted.
- **Show hidden Customers**: If set to **True**, the Customer Tree will display Customers that have the **Hide Customer** option in the Customer Properties Window set to **True**.
- **Show hidden Media**: If set to **True**, the Customer Tree will display Media Types that have the **Hide Media Type** option in the Options Tab of the Media Type Properties Window set to **True**.
- **Show hidden Volumes**: If set to **True**, the Volume List will display Volumes that have the **Hide Volume** option in the Options Tab of the Volume Properties Window set to **True**.
- **Parent/Child**: If set to **False**, the Customer Tree will not display Customers with a Parent Customer set in the Customer Properties Window nested under their Parent Customer.
- **Anonymous Customers**: If set to **True**, Customer Descriptions in the Customer Tree will not display.
- **Enable Consignment Tab**: If set to **True**, the Consignments tab will appear as an Administration Tab.
- **Repository-ID Filters**: If set to **True**, Volumes in the Volume List can be filtered by the Repository-ID instead of the Repository Description.

- **Disable Volume List inline edit**: If set to **True**, inline editing in Volume List will be disabled. **(Requires restart)**
