

Adding A New User

Prerequisites

- Active User-ID with tapemaster rights
- TapeMaster access

If assigning tapemaster rights to the new User you must login as the tapemaster User-ID

Creating New User-ID

In TapeMaster open the Group/User Administration window via the main menu Administration → Group/User Administration.

Right-click in the white space on the User Administration screen and select Add.

Help

Set the users identity fields

If using windows Active Domain to log into TapeTrack, the username must match your AD username
