

# Technote: Clearing The Database

Clearing the Database involves removing all data and restoring a blank database, equivalent to a fresh installation.

Clearing the entire Database will remove all information, including licensing details

## Stopping The Server

To make any alterations to the TapeTrack Database, [stop the Server](#).

## Deleting Database Files

### Windows Installation

Navigate to the TapeTrack Database installation directory (default location = C:\Program Files\TapeTrack\TapeTrack Framework Server\var\db ).
