Export License

While logged into TapeMaster as tapemaster, or user-ID with tapemaster rights

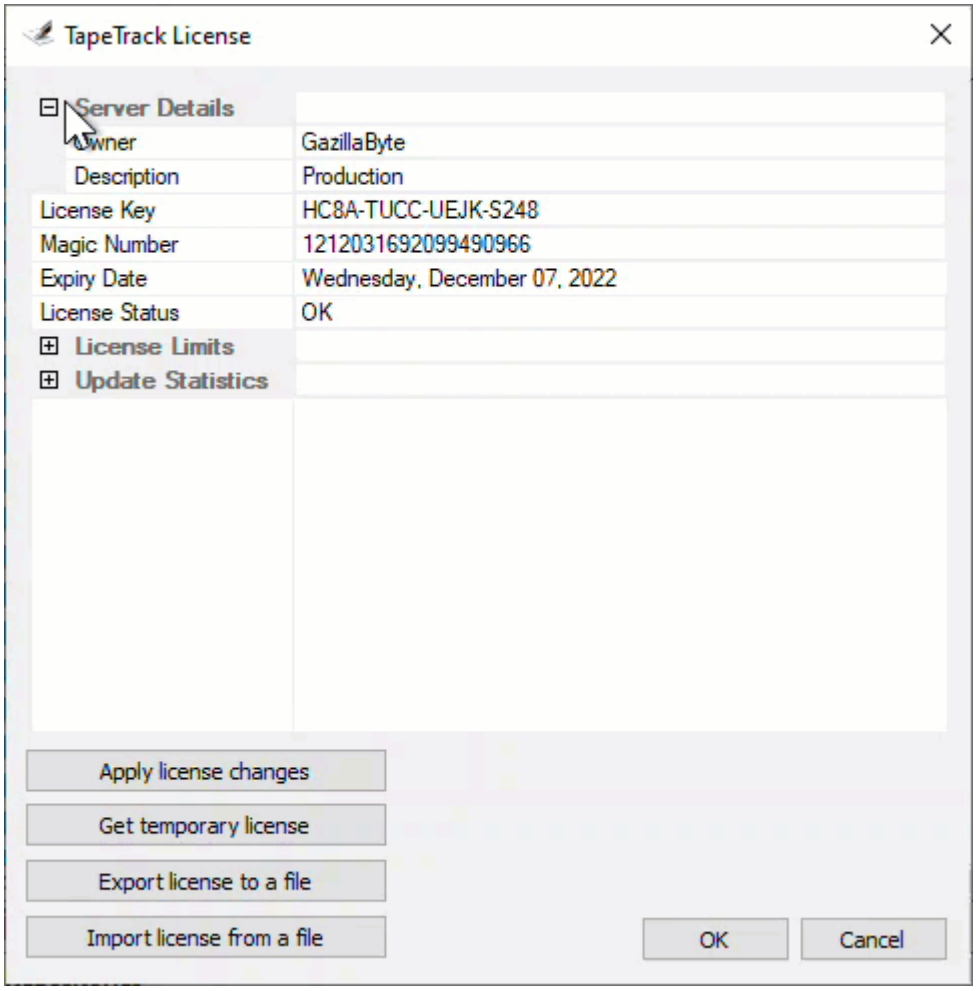

From the menu click `Help` → `Framework Server Licensing` to open the TapeTrack License window.

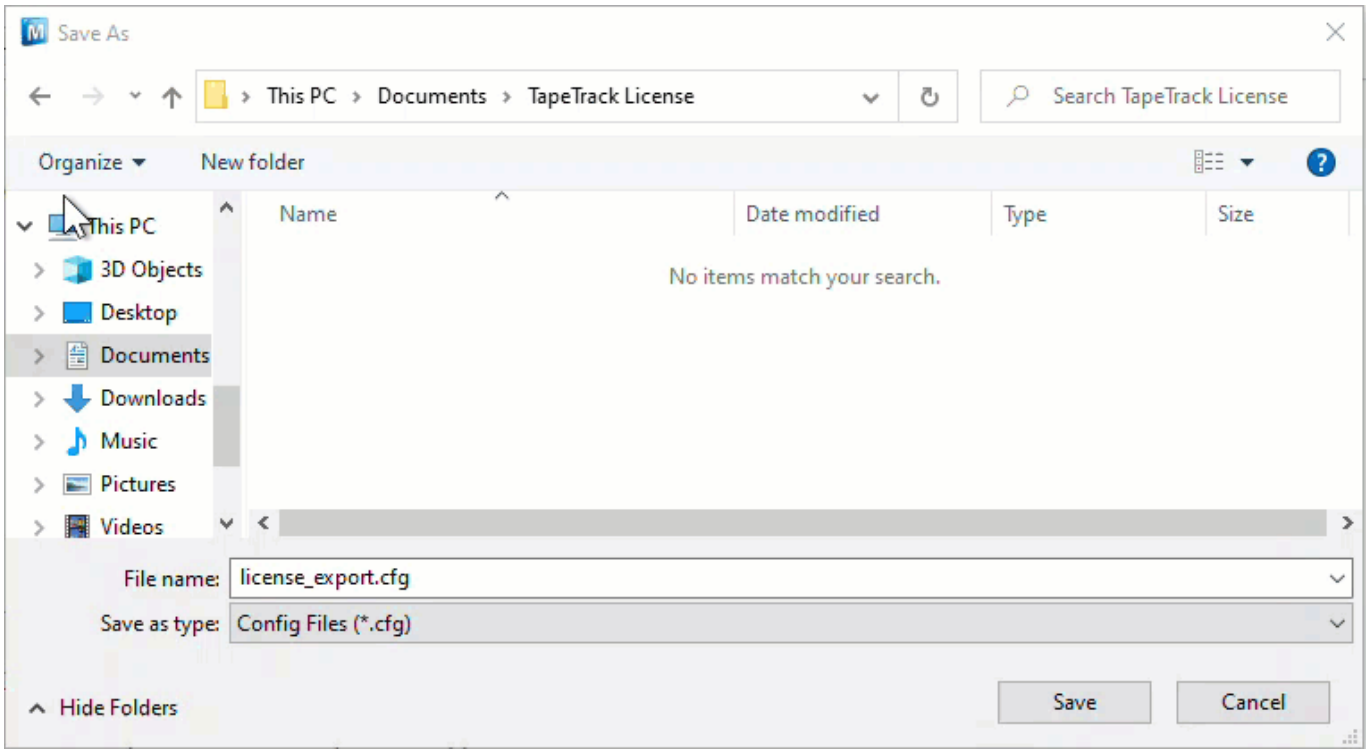

If the menu option **Framework Server Licensing** is greyed out and inaccessible, you do not have sufficient privileges (tapemaster rights) to alter the software license

Click `Export license to a file` to open the Windows file save dialog.

Save the file with a descriptive name (e.g. Current_License.cfg) in a suitable location.

technote, license, export-license, tapemaster
