

TapeMaster Startup Message

TapeMaster can display a special notice on a popup dialog upon logging on.

Setting The Message

Changes made to the Windows registry happen immediately, and no backup is automatically made. Do not edit the Windows registry unless you are qualified and confident about doing so.

Microsoft have issued the following warning with respect to the Registry Editor:
"Using Registry Editor incorrectly can cause serious, system-wide problems that may require you to re-install Windows to correct them. Microsoft cannot guarantee that any problems resulting from the use of Registry Editor can be solved. Use this tool at your own risk."

The message can be set via a registry key at
Computer\HKEY_CURRENT_USER\Software\GazillaByte\TMSSMaster\Options

Displaying The Message

When an authorized user logs into TapeMaster on the computer, the Special Notice dialog will be displayed before the login dialog is presented.

Special Notice

Please take note.

This TapeTrack system is for the use of ACME Corp employees only. Unauthorised use is strictly prohibited. If you suspect someone has authorised this system without permission please report it to the admin on 555-10-9999.

OK

If you no longer want to see this message please contact your Administrator.
