TMSSREPORTTITLE

The Environmental Variable `TMSSREPORTTITLE` allows a custom heading to be applied to a command line report using the report ID.

Example

Using TMSS10Inventory, setting report heading to `My Inventory` using report ID 113.

Windows Command Line

<sxh> set TMSSREPORTTITLE113=My Heading </sxh>

Windows PowerShell

<sxh> $env:TMSSREPORTTITLE113 = “My Heading” </sxh>
